

Global Congress on

# Asthma, Allergy and Immunology

November  
07-08, 2018

Singapore

Theme:  
Innovative Studies on  
Immunity: To Control  
Asthma & Allergy

Dear Colleagues,

Conference Series llc Ltd. is delighted to welcome you to Singapore for the prestigious Global Congress on Asthma, Allergy and Immunology.

AAI Congress 2018 will focus on the theme "Innovative Studies on Immunity: To Control Asthma & Allergy". We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Singapore.

With Regards,

AAI Congress 2018 Operating Committee  
Conference Series llc Ltd. Conferences

## Editorial Board Members of Supporting Journals:

Yutong Zhao

University of Pittsburgh, USA

Daisuke Tsuruta

Kurume University, Japan

John J Murray

Meharry Medical College, USA

Marc E Rothenberg

University of Cincinnati, USA

Wilbert S Aronow

New York Medical College, USA

Richard Warrington

University of Manitoba, Canada

Toshiharu Hayashi

Yamaguchi University, Japan

Ralph Mosges

University of Cologne, Germany

Detlef Brehmer

University of Witten/Herdecke, Germany

Fulvio Braido

University of Genoa, Italy

Giuseppe Caruso

University of Siena, Italy

Domenico Ribatti

University of Bari Medical School, Italy

Ken Ohta

Teikyo University, Japan

Michael Wallner

University of Salzburg, Austria

I-Jen Wang

Taipei City Hospital, Taiwan

Vineet Bhandari

Yale University, USA

Hideaki Morita

Amali E Samarasinghe

University of Tennessee Health  
Science Center, USA

### Accommodation

A large number of rooms have been reserved. Discounted room rates for AAI Congress 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

### Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Asthma, Allergy and Immunology.

### About Singapore

Singapore officially the Republic of Singapore, and often referred to as the Lion City or the Little Red Dot, is a sovereign city-state in Southeast Asia, and the world's only island city-state. Singapore is a global commerce, finance and transport hub. Its standings include: the most "technology ready" nation (WEF), top International-meetings city (UIA), city with "best investment potential" (BERI), second-most competitive country, third-largest foreign exchange market, third-largest financial centre, third-largest oil refining and trading centre, and the second-busiest container port. Singapore is a major international transport hub, prospered as an important point for land and water transportation as well as a commercial city. Singapore's territory consists of a diamond-shaped main island along with 62 other islets and its greening policy has covered the densely populated island with tropical flora, parks and gardens. Singapore consists of 63 islands, including the main island, Pulau Ujong. There are two man-made connections to Johor, Malaysia: the Johor-Singapore Causeway in the north and the Tuas Second Link in the west. Jurong Island, Pulau Tekong, Pulau Ubin and Sentosa are the largest of Singapore's smaller islands. Gardens by the Bay is a surreal green oasis in the heart of Singapore. It brings plants to life in a way you've never seen before. There you are surrounded by nature whilst feeling like you have stepped into the Avatar movie. This huge, colourful, futuristic park is famous for its high-tech Super tree Grove – a collection of magical giant trees – as well as Cloud Forest and Flower Dome. One of the attractions at Marina Bay Sands, the Art Science Museum is the world's first Art Science museum, opened on 17 February 2011. This unique building is shaped like a lotus flower in bloom, and is anchored by a round base in the middle, with ten extensions referred to as "fingers", designed to be a symbolic gesture of welcome to guests from across the globe.

It's easy to get around when you're in Singapore. Taxis are easy to find as well as buses that are convenient, safe and inexpensive. Singapore's well-connected public transportation system ensures you will always travel effortlessly from one place to another.

## Important Dates

Abstract submission opens: August 01, 2017

Registration opens: August 15, 2017

Early bird registration: November 08, 2017

On spot registration: November 07, 2018

## Venue

Holiday Inn Atrium  
317 Outram Rd  
169075, Singapore

## Abstract Submission
