http://addictiontherapy.conferenceseries.com
We Invite you to Join us!

Welcome to most exciting and fascinating Las Vegas, USA! Within this splendid setting, we plan to deliver a conference that will exceed your expectations. During this year’s 7th International Conference on Addiction Research & Therapy, we hope that you will seize the opportunity to rekindle ongoing connections and spark new ones with your colleagues from around the globe.

The Conference theme is “Unifying the new discoveries and advanced approaches toward Addiction”

Our Conference Series LLC organizes 1000+ Conferences Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contain over 100000 eminent personalities, reputed scientists and editorial board members.

Addiction Therapy 2017 will offer ample opportunities for all stakeholders working on Addiction Therapy and Rehabilitation to expose their research work. Our conference aims to gather the Researchers, principal investigators, experts, neurologists and researchers working on Addiction Therapy from both academia and health care industry, Business Delegates, Scientists and students across the globe to provide an international forum for the dissemination of original research results, new ideas and practical development experiences.

In Addiction Therapy 2017, international symposiums, B2B meetings and International workshops will also be organized to discuss the specific topics in the field of Addiction Research and Therapy.

This year’s Conference program, coupled with the Business Opportunity Exchange, is an event you can’t afford to miss!

Mahidol University, Thailand, Thailand

Elizabeth Halpern  
Central Navy Hospital in Rio de Janeiro, Brazil

Igor Elman  
Harvard Medical School, USA, USA

Thomas Simpatico  
University of Vermont, USA, USA
Glimpses of past conference
Tourist Attractions
CLIMATE:
Las Vegas has a subtropical hot desert climate (Köppen climate classification: BWh), typical of the Mojave Desert in which it lies. This climate is typified by long, very hot summers; warm transitional seasons; and short, mild to chilly winters. There is abundant sunshine throughout the year, with an average of 310 sunny days and bright sunshine occurring during 86% of all daylight hours. Rainfall is scarce, with an average of 4.2 in (110 mm) dispersed between roughly 26 to 27 total rainy days per year. Las Vegas is among the sunniest, driest, and least humid locations in all of North America, with exceptionally low dew points and humidity that sometimes remains below 10%.

The summer months of June through September are very hot, though moderated by extremely low humidity. July is the hottest month with an average daytime high of 104.2 °F (40.1 °C).

Las Vegas winters are short and generally very mild, with chilly (but rarely cold) daytime temperatures.

CURRENCY:
The US Dollar is the official currency of Las Vegas. There are several Currency Exchange services in Las Vegas. Most banks and some hotels offer currency exchange services as well.

Las Vegas Public Transport Tickets & Travel Passes
RTC Transit is a public transportation system providing bus service throughout Las Vegas, Henderson, North Las Vegas and other areas of the valley. Intercity bus service to and from Las Vegas is provided by Greyhound, BoltBus, Orange Belt Stages, Tufesa, and several smaller carriers. Amtrak trains have not served Las Vegas since the service via the Desert Wind was discontinued in 1997. Though no Amtrak trains have served Las Vegas since the Desert Wind was cancelled in 1997,

A bus rapid-transit link in Las Vegas called the Strip & Downtown Express (previously ACE Gold Line) with limited stops and frequent service was launched in March 2010, and connects downtown Las Vegas, the Strip and the Las Vegas Convention Center.

With some exceptions, including Las Vegas Boulevard, Boulder Highway (SR 582) and Rancho Drive (SR 599), the majority of surface streets in Las Vegas are laid out in a grid along Public Land Survey System section lines. Many are maintained by the Nevada Department of Transportation as state highways. The street numbering system is divided by the following streets:
Westcliff Drive, US 95 Expressway, Fremont Street and Charleston Boulevard divide the north–south block numbers from west to east.

Las Vegas Boulevard divides the east–west streets from the Las Vegas Strip to near the Stratosphere, then Main Street becomes the dividing line from the Stratosphere to the North Las Vegas border, after which the Goldfield Street alignment divides east and west.

On the east side of Las Vegas, block numbers between Charleston Boulevard and Washington Avenue are different along Nellis Boulevard, which is the eastern border of the city limits.
Las Vegas (/lɑːs ˈveɪˈəs/, Spanish for “The Meadows”), officially the City of Las Vegas and often known simply as Vegas, is the 28th-most populated city in the United States, the most populated city in the state of Nevada, and the county seat of Clark County. The city anchors the Las Vegas Valley metropolitan area and is the largest city within the greater Mojave Desert.[5] Las Vegas is an internationally renowned major resort city known primarily for its gambling, shopping, fine dining, entertainment, and nightlife. It is the leading financial, commercial, and cultural center for Nevada.

The city bills itself as The Entertainment Capital of the World, and is famous for its mega casino–hotels and associated activities. It is a top three destination in the United States for business conventions and a global leader in the hospitality industry, claiming more AAA Five Diamond hotels than any city in the world.[6][7][8] Today, Las Vegas annually ranks as one of the world’s most visited tourist destinations.[9][10] The city’s tolerance for numerous forms of adult entertainment earned it the title of Sin City, and has made Las Vegas a popular setting for literature, films, television programs, and music videos.

No city on earth is more alive than Las Vegas!!!
