

28th International Conference on
ADVANCED MATERIALS

June 24-25, 2022
Toronto, Canada

28th International Conference on Advance Materials and Engineering	
24 June 2022	
	Session Introduction
9:00-09:30 AM	<p>Title: Dicoma anomala Methanol Extract Enhances Phthalocyanine mediated Photodynamic Therapy in MCF-7 Breast Cancer Cells</p> <p>Blassan George, University of Johannesburg, South Africa</p>
09:30-10:00 AM	<p>Title: Photoalignment and photopatterning by nanosize azodye layers: New LC display and photonics technology</p> <p>Vladimir G. Chigrinov, Hong Kong University of Science and Technology, Hong Kong</p>
10:00-10:30 AM	<p>Title: Compositional and Microscopic Characterizations of a Sri Lankan Brick Clay Variety towards Some Advanced Chemical Catalytic Applications</p> <p>Suresh Aluvihara, University of Peradeniya, Sri Lanka</p>
	Conference End
