Invitation

Dear Colleagues,

Conference Series LLC Ltd is beaming to invite all the experts in the field of Infectious Diseases, Immunology, Virology, for the forthcoming event “**25th International Conference on Cardiology and Cardiovascular Therapeutics**” which is going to be held on **October 21-22, 2019** at **Singapore**. This Conference focus on HIV Science features the latest HIV science, including basic, clinical and prevention research. It brings together top basic, translational, and clinical researchers from around the world to share the latest studies, important developments, and best research methods in the ongoing battle against HIV/AIDS and related infectious diseases. As HIV/AIDS is an alarming concern throughout the world, Advanced Materials Congress 2019 will mainly focus on issues like primary HIV Infection, Transmission and eradication issues apart from this HIV Co-infection, HIV Current pharmaceutical design would cover the experimental drugs developed. Advanced Materials Congress 2019 lays perfect platform for physicians, nurses/nurse-practitioners, pharmacists, psychologists, behavioral researchers, Health care professionals, social scientists, epidemiologists, social workers, AIDS service organization (ASO) staff, students, Academicians and professionals working in the field of HIV medicine.

With Regards,

Advanced Materials Congress 2019

About Singapore

SINGAPORE, known as the “lion city”, becomes a favorite destination because it is a global city and is a densely populated island with tropical flora, parks and gardens. Singapore is a global commerce, finance and transport hub.

Singapore is a unique ethnic tapestry affords visitors a wide array of sightseeing and culinary opportunities from which to choose. A full calendar of traditional festivals and holidays celebrated throughout the year adds to its cultural appeal. In addition, Singapore offers luxury hotels, delectable cuisine and great shopping.

Singapore is considered as an important center for higher education, healthcare, well reputed and prestigious colleges and universities. Singapore conferences indeed play a vital role in promoting scientific information and ideas all over the world. It can be considered as a suitable medium for the relocation of valuable knowledge about research and novel advancements worldwide. The conferences taking part here would promote a variety of scientific ideas among contenders belonging to diverse areas of science and technology. Apart from this, Singapore has been set aside for parks and natural reserves. The network of natural reserves, parks, park connectors, natural ways, tree-lined roads and other natural areas have enhanced the sense of green space in the city which will keep you busy for weeks. Singapore has a tropical rainforest climate with no distinctive seasons, uniform temperature, pressure, high humidity and abundant rainfall. Sentosa, Singapore Flyer, Universal Studios Singapore, Night Safari Singapore, Singapore Botanic Gardens, Jurong Bird Park, Singapore Zoo, Sri Mariamman Temple, Pulau Hantu famous for its rich coral reefs and Peranakan Museum are some of the points of interest in Singapore. A splendid location, life expectancy, quality of life, personal safety and housing that is unsurpassed for its livability makes Singapore a city to visit and remember.
