Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Aesthetic Science 2020 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Drug Discover and Drug Delivery.

About Amsterdam

Amsterdam is the capital and most populous city of the Netherlands, with a population of 866,737 within the city proper, 1,380,872 in the urban area and 2,410,960 in the metropolitan area. Amsterdam is in the province of North Holland. Amsterdam name derives from Amsterdam, indicative of the city's origin around a dam in the river Amstel. Originating as a small fishing village in the late 12th century, Amsterdam became one of the most important ports in the world in the Dutch Golden Age of the 17th century and became the leading center for finance and trade. In the 19th and 20th centuries, the city expanded, and many new neighborhood and suburbs were planned and built. The 17th-century canals of Amsterdam and the 19–20th century Defense Line of Amsterdam are on the UNESCO World Heritage List. Sloten, annexed in 1921 by the municipality of Amsterdam, is the oldest part of the city, dating to the 9th century.
