Conferenceseries.com 1144th Conference Scientific Program

11th International Conference on ALLERGY, ASTHMA & CLINICAL IMMUNOLOGY

September 7-8, 2017 Edinburgh, Scotland

UK: Conference Series IIc LTD 47 Churchfield Road, London, W3 6AY

Day 1 September 7, 2017

Macallan Glenfiddich

conferenceseries.com 09:30-10:00

Opening Ceremony

| Introduction Introduction 10:00-10:33 of asthma attack at Dearborn, Michigan, USA 10:33-11:10 Hikmet Jamil, Michigan State University, USA 10:33-11:10 The the pathogenesis of allergic asthma - beyond immune response Michael Roth, University Hospital Basel, Switzerland Sessions: Asthma / Drug Allergy Clinical Immunology Food Allergy Biomarkers for Allergy, Asthma & Clinical Immunology Session Chair: Hikmet Jamil, Michigan State University, USA Session Introduction The Overview of clinical work and research done on beta-leatem allergy at a English and Yacademic teaching hospital in Toronto, Canada Thite: Primary cutaneous T cell lymphomas: Immunomodulation by photo chemotherapy Thite: Statesophil activation test as biomarker of allergic desensitization Gennaro Maietta, Pignatelli Institute, Italy The diagnosis of asthma during pregnancy, better before than after Saar van Nederveen-Bendien, Haga | Keynote Forum | | |
|--|----------------|--|--|
| 10:00-10:35 of asthma attack at Dearborn, Michigan, USA Hikmest Jamil, Michigan State University, USA 10:35-11:10 Title: The pathogenesis of allergic asthma – beyond immune response Michael Roth, University Hospital Basel, Switzerland Sersion: Asthma Drug Allergy Clinical Immunology Food Allergy Biomarkers for Allergy, Asthma & Clinical Immunology Session: Asthma Drug Allergy Clinical Immunology Food Allergy Biomarkers for Allergy, Asthma & Clinical Immunology Session Chair: Hikmet Jamil, Michigan State University, USA Session Introduction Title: Overview of clinical work and research done on bete-lactam allergy at a 11:30-11:55 community academic teaching hospital in Toronto, Canada Benjamin BL Wong, University of Toronto, Canada Title: Overview of clinical work and research done on beter-lactam allergy at a 11:30-11:55 Community academic teaching hospital in Toronto, Canada Title: Primary cutaneous T cell lymphomas: Immunomodulation by photo chemotherapy 11:30-11:30 Title: Basophil activation test as biomarker of allergic desensitization Genarce Maietta, Pignotelli Institute, Italy Lunch Breek 13:35-14:10 @ Traders Restaurant Session | | Introduction | |
| Hikmet Jamil, Michigan State University, USA 10:351-111 Tille: The pathogenesis of allergic asthma – beyond immune response (hiched Roth, University Hospital Basel, Switzerland) 10:351-112 Networking and Refreshments Break 11:10-11:30 @ Academy Breakout Lounge Sessions: Astimated Torug Allergy Clinical Immunology Food Allergy Biomarkers for Allergy, Asthma & Clinical Immunology Sessions: Astimated Torug Allergy Clinical Immunology Food Allergy Biomarkers for Allergy, Asthma & Clinical Immunology Session Introduction Introduction State University, USA Session Introduction Session Introduction Introduction State University of Toronto, Canada Biomarity academic teaching hospital In Toronto, Canada Session Introduction State University of Toronto, Canada Introduction State University of Toronto, Canada Biomarity academic teaching hospital Introduction State University and University of Toronto, Canada Inters Canado Canado (Segueral Hospital-Santa Casa da Misericordia, Brazil Tile: Primary cutaneous T cell Imphomes: Immunomodulation by photo chemotherapy with analysis of the inflammatory-expansive cellular dynamic Inters Canado Casa da Misericordia, Brazil Tile: Readognisis of asthma during pregancy, better before than affer Saraon Naderveen-Bendien, Haga Teaching Hospital, Netherlands Inters Casa check z Salguero, University Hospital Order Restaturent Session: All-Ergy Prevention, Risk Factors & Treatment Asthma: Immunopathology Allergy Diagonalis Amodicine, Prevention, Envis | 10:00-10:35 | | |
| Title: The pathogenesis of allergic asthma – beyond immune response Michael Roth, University Hospital Basel, SwitzerlandCroup PhotoNetworking and Refreshments Break 11:10-11:30 @ Academy Breakout Lounge Sessions: Asthma Drug Allergy Clinical Immunology Food Allergy Biomarkers for Allergy, Asthma & Clinical Immunology Session Chair: Hitmet Jamil, Michigan State University, USASession IntroductionSession IntroductionItile: Overview of clinical work and research done on beta-lactam allergy at a Community academic teaching hospital in Toronto, Canada Benjamin BL Wong, University of Toronto, Canada Canada Misericordia, Brazil 11:2:20-12:4511:2:20-12:45Title: Basophil activation test as biomarker of allergic desensitization Genaro Maietta, Pignatelli Institute, Italy Calas Sanchez Salguero, University Hospital Of Puerto Real, Spain Lunch Break 13:35-14:10 @ Traders RestaurantSession Chair: Wenter Anders & Ereatment Asthma: Immunopathology Allergy Diagnosis & Medicine Pervention, Risk Factors & Treatment Asthma: Immunopathology Allergy Diagnosis & Medicine Pervention, Risk Factors & Treatment Asthma: Immunopathology Allergy Diagnosis & Medicine P | | - | |
| 10:35-11:10 Michael Roth, University Hospital Basel, Switzerland Group Photo Networking and Refreshments Break 11:10-11:30 @ Academy Breakout Lounge Sessions: Asthma Drug Allergy Clinical Immunology Food Allergy Biomarkers for Allergy, Asthma & Clinical Immunology Food Allergy Biomarkers for Allergy, Session Chair: Hikmet Jamil, Michigan State University, USA Session Introduction Title: Overview of clinical work and research done on beta-lactam allergy at a 1:30-11:55 community academic teaching hospital in Toronto, Canada Benjamin BL Wong, University of Toronto, Canada Title: Primary cutaneous T cell lymphomas: Immunomodulation by photo chemotherapy 11:55-12:20 With analysis of the inflammatory-expansive cellular dynamic Luiz Werber-Bandeira, General Hospital-Santa Casa da Misericordia, Brazil 11:2:20-12:45 Title: Basophil activation test as biomarker of allergic desensitization General Hospital-Santa Casa da Misericordia, Brazil 12:20-12:45 Title: Basophil activation test as biomarker of allergic desensitization <td asthma="" colspan:="" diagnosis="" during="" of="" pregnancy,<="" td="" to=""><td></td></td> | | <td></td> | |
| Group Photo Networking and Refreshments Break 11:10-11:30 @ Academy Breakout Lounge Sessions: Asthma Drug Allergy Clinical Immunology Food Allergy Biomarkers for Allergy, Asthma & Clinical Immunology Session Chirret Mikmet Jamil, Michigan State University, USA Session Chair: Hikmet Jamil, Michigan State University, USA Session Introduction 11:30-11:55 community academic teaching hospital in Toronto, Canada Benjamin BL Wong, University of Toronto, Canada Unite: Primary cutaneous T cell lymphomas: Immunomodulation by photo chemotherapy with analysis of the inflammatory-expansive cellular dynamic Luiz Werber-Bandeira, General Hospital-Santa Casa da Misericordia, Brazil 12:20-12:45 Title: Basophil activation test as biomarker of allergic desensitization Gennaro Maietta, Pignatelli Institute, Italy 12:45-13:10 Title: Melecular diagnosis in pediatric allergy Saar van Nederveen-Bendien, Haga Teaching Hospital, Netherlands 13:10-13:35 Title: Molecular diagnosis in pediatric allergy Sara van Nederveen-Bendier, Haga Teaching Hospital, Netherlands 13:10-13:35 Title: Molecular Jinstitute, Italy 14:10-14:35 Title: The new approach in immunotherapy for children Giovanni Maria Traina, University of Milan, Italy 14:10-14:35 Title: The new approach in immunotherapy for children Giovanni Maria Traina, University of Milan, Italy 11:11:11:12:15:00 prevent and freat allergic disease sepecially asthma Gilbert Glady, Europea | 10:35-11:10 | | |
| Networking and Refreshments Break 11:10-11:30 @ Academy Breakout Lounge Session: Asthma Drug Allergy Clinical Immunology Food Allergy Biomarkers for Allergy, Asthma & Clinical Immunology Session Chair: Hitmet Jamil, Michigan State University, USA Session Introduction Title: Overview of clinical work and research done on beta-lactam allergy at a community academic teaching hospital in Toronto, Canada Benjamin BL Wong, University of Toronto, Canada Title: Primary cutaneous T cell lymphomas: Immunomodulation by photo chemotherapy with analysis of the inflammatory-expansive cellular dynamic Luiz Werber-Bandeira, General Hospital-Santa Casa da Misericordia, Brazil 11:30-112:45 Title: Basophil activation test as biomarker of allergic desensitization Gennaro Maietta, Pignatelli Institute, Italy 12:45-13:10 Title: Molecular diagnosis in pediatric allergy Carlos Sanchez Salguero, University Hospital of Puerto Real, Spain 13:10-13:35 Title: Molecular diagnosis in pediatric allergy Carlos Sanchez Salguero, University Hospital of Puerto Real, Spain 24:10-14:35 Title: The new approach in immunotherapy for children Giovanni Maria Traina, University of Milan, Italy 14:10-14:35 Title: Rei alginatelli Institute, Italy 14:10-14:35 Title: Rei allergic disease sepcially asthma Giovanni Maria Traina, University of Milan, Italy Title: Bic Gi(Med as a very novel method based on oral immunogenetical therapy to prevent and | _ | | |
| Sessions: Asthma Drug Allergy Clinical Immunology Food Allergy Biomarkers for Allergy, Asthma & Clinical Immunology Session Chair: Hikmet Jamil, Michigan State University, USA Session Chair: Hikmet Jamil, Michigan State University, USA Session Introduction Title: Overview of clinical work and research done on beta-lactam allergy at a community academic teaching hospital in Toronto, Canada Benjamin BL Wong, University of Toronto, Canada Title: Primary cutaneous T cell lymphomas: Immunomodulation by photo chemotherapy with analysis of the inflammatory-expansive cellular dynamic Luiz Werber-Bandeira, General Hospital-Santa Casa da Misericordia, Brazil 11:50-12:20 with analysis of the inflammatory-expansive cellular dynamic Luiz Werber-Bandeira, General Hospital-Santa Casa da Misericordia, Brazil 12:20-12:45 Title: Basophil activation test as biomarker of allergic desensitization Genaro Maietta, Pignatelli Institute, Italy 11:30-11:30 Title: Molecular diagnosis in pediatric allergy Carlos Sanchez Salguero, University Hospital of Puerto Real, Spain Lunch Break 13:35-14:10 @ Traders Restaurant Sessions: Allergy Prevention, Risk Factors & Treatment Asthma: Immunopathology Allergy Diagnosis & Medicine Pediatric Allergy Session Chair: Gennaro Maietta, Pignatelli Institute, Italy 14:10-14:35 Title: The new approach in immunotherapy for children Giovanni Maria Traina, University of Milan, Italy Title: Bi(G)Med as a very novel method based on oral imm | | · | |
| Asthma & Clinical Immunology Session Chair: Hitmet Jamil, Michigan State University, USA Title: Overview of clinical work and research done on beta-lactam allergy at a 11:30-11:55 community academic teaching hospital in Toronto, Canada Benjamin BL Wong, University of Toronto, Canada Title: Primary cutaneous T cell lymphomas: Immunomodulation by photo chemotherapy with analysis of the inflammatory-expansive cellular dynamic Luiz Werber-Bandeira, General Hospital-Santa Casa da Misericordia, Brazil 12:20-12:45 Title: Basophil activation test as biomarker of allergic desensitization Gennaro Maietta, Pignatelli Institute, Italy Title: The diagnosis of asthma during pregnancy, better before than after Saar van Nederveen-Bendien, Haga Teaching Hospital, Netherlands Title: Molecular diagnosis in pediatric allergy Carlos Sanchez Salguero, University Hospital of Puerto Real, Spain Lunch Break 13:35-14:10 @ Traders Restaurant Sessions: Allergy Prevention, Risk Factors & Treatment Asthma: Immunopathology Allergy Diagnosis & Medicine Pediatric Allergy Session Chair: Gennaro Maietta, Pignatelli Institute, Italy Title: The new approach in immunotherapy for children Giovanni Maria Traina, University of Milan, Italy Title: Bi(G)Med as a very novel method based on oral immunogenetical therapy to 14:35-15:00 prevent and treat allergic diseases especially asthma Gilbert Glady, European Bio Immun(G)en Medicine Association, France Title: P21 is a master regulator of NF-kB-dependent inflammation in immune disease and allergic asthma Dimitrios Balomenos, National Center for Biotechnology/CSIC, Spain Title: Serimar nose prone to allergies nasal spray in relief of chronic allergic rhinitis 15:25-15:50 symptoms Michele Grasso, Sapienza University, Italy | Sessions: Ast | | |
| Session Chair: Hikmet Jamil, Michigan State University, USA Session Introduction 11:30-11:55 Title: Overview of clinical work and research done on beta-lactam allergy at a community academic teaching hospital in Toronto, Canada Benjamin BL Wong, University of Toronto, Canada Title: Primary cutaneous T cell lymphomas: Immunomodulation by photo chemotherapy 11:55-12:20 with analysis of the inflammatory-expansive cellular dynamic Luiz Werber-Bandeira, General Hospital-Santa Casa da Misericordia, Brazil 12:20-12:45 Title: Basophil activation test as biomarker of allergic desensitization Gennaro Maietta, Pignatelli Institute, Italy 12:45-13:10 Title: The diagnosis of asthma during pregnancy, better before than after Saar van Nederveen-Bendien, Haga Teaching Hospital, Netherlands 13:10-13:35 Title: Molecular diagnosts in pediatric allergy Carlos Sanchez Salguero, University Hospital of Puerto Real, Spain Lunch Break 13:35-14:10 @ Traders Restaurant Session Chair: Gennaro Maietta, Pignatelli Institute, Italy 14:10-14:35 Title: The new approach in immunotherapy for children Giovanni Maria Traina, University of Milan, Italy Title: Bi(G)Med as a very novel method based on oral immunogenetical therapy to 14:35-15:00 prevent and treat allergic disease sepeci | | | |
| Title: Overview of clinical work and research done on beta-lactam allergy at a community academic teaching hospital in Toronto, Canada Benjamin BL Wong, University of Toronto, Canada Benjamin BL Wong, University of Toronto, Canada Title: Primary cutaneous T cell lymphomas: Immunomodulation by photo chemotherapy with analysis of the inflammatory-expansive cellular dynamic Luiz Werber-Bandeira, General Hospital-Santa Casa da Misericordia, Brazil Casa da Misericordia, Brazil11:55-12:20Title: Basophil activation test as biomarker of allergic desensitization Gennaro Maietta, Pignatelli Institute, Italy12:20-12:43Title: The diagnosis of asthma during pregnancy, better before than after Saar van Nederveen-Bendien, Haga Teaching Hospital, Netherlands13:10-13:35Title: Molecular diagnosis in pediatric allergy Carlos Sanchez Salguero, University Hospital of Puerto Real, SpainSessions: All Fy Vervention, Risk Factors & Treatment Asthma: Immunopathology Allergy Diagnosis & Medicine Pediatric Allergy14:10-14:35Title: The new approach in immunotherapy for children Giovanni Maria Traina, University of Milan, Italy Title: Bl(G)Med as a very novel method based on oral immunogenetical therapy to prevent and treat allergic diseases especially asthma Gilbert Glady, European Bio Immun(G)en Medicine Association, France Title: Sterimar nose prone to allergies nasal spray in relief of chronic allergic rhinitis15:20-15:25symptoms Michele Grasso, Sapienza University, Italy | | | |
| 11:30-11:55 community academic teaching hospital in Toronto, Canada Benjamin BL Wong, University of Toronto, Canada Title: Primary cutaneous T cell lymphomas: Immunomodulation by photo chemotherapy with analysis of the inflammatory-expansive cellular dynamic Luiz Werber-Bandeira, General Hospital-Santa Casa da Misericordia, Brazil 12:20-12:45 Title: Basophil activation test as biomarker of allergic desensitization Gennaro Maietta, Pignatelli Institute, Italy Title: The diagnosis of asthma during pregnancy, better before than after Saar van Nederveen-Bendien, Haga Teaching Hospital, Netherlands 13:10-13:35 Title: Molecular diagnosis in pediatric allergy Carlos Sanchez Salguero, University Hospital of Puerto Real, Spain Lunch Break 13:35-14:10 @ Traders Restaurant Sessions: Allergy Prevention, Risk Factors & Treatment Asthma: Immunopathology Allergy Diagnosis & Medicine Pediatric Allergy Session Chair: Gennaro Maietta, Pignatelli Institute, Italy Title: Bi(G)Med as a very novel method based on oral immunogenetical therapy to prevent and treat allergic diseases especially asthma Gilbert Glady, European Bio Immun(G)en Medicine Association, France Title: Sterimar nose prone to allergis nasal spray in relief of chronic allergic rhinitis 15:20-15:20 sy | | | |
| Benjamin BL Wong, University of Toronto, CanadaTitle: Primary cutaneous T cell lymphomas: Immunomodulation by photo chemotherapy11:55-12:20with analysis of the inflammatory-expansive cellular dynamicLuiz Werber-Bandeira, General Hospital-Santa Casa da Misericordia, Brazil12:20-12:45Title: Basophil activation test as biomarker of allergic desensitizationGennaro Maietta, Pignatelli Institute, Italy12:45-13:10Title: The diagnosis of asthma during pregnancy, better before than after Saar van Nederveen-Bendien, Haga Teaching Hospital, Netherlands13:10-13:35Title: Molecular diagnosis in pediatric allergy Carlos Sanchez Salguero, University Hospital of Puerto Real, Spain Carlos Sanchez Salguero, University Hospital of Puerto Real, SpainSessions: Allergy Prevention, Risk Factors & Treatment Asthma: Immunopathology Allergy Diagnosis & Medicine Pediatric AllergySession Chair: Gennaro Maietta, Pignatelli Institute, Italy14:10-14:35Title: The new approach in immunotherapy for children Giovanni Maria Traina, University of Milan, Italy Title: Bi(G)Med as a very novel method based on oral immunogenetical therapy to prevent and treat allergic diseases especially asthma Gilbert Glady, European Bio Immun(G)en Medicine Association, France Title: Sterimar nose prone to allergis nasal spray in relief of chronic allergic rhinitis 15:25-15:50symptoms Michele Grasso, Sapienza University, Italy | | · · · · · · · · · · · · · · · · · · · | |

| | | symptoms | |
| Networking and Refreshments Break 15:50-16:10 @ Academy Breakout Lounge | | | |
| | | Networking and Refreshments Break 15:50-16:10 @ Academy Breakout Lounge | |

| 16 10 16 25 | Title: T cell immunosenescence and longevity |
|-------------|--|
| 16:10-16:35 | Olga Britanova, Shemyakin–Ovchinnikov Institute of Bioorganic Chemistry, Russia |
| 16 25 17 00 | Title: Immunostimulation and energy for chemicals with immunostimulant activated (ITA) |
| 16:35-17:00 | Fabrício Prado Monteiro, Institute of allergy and immunology of West Bahia, Brazil |
| 17:00-17:25 | Title: Prevalence of allergens among pediatric patients tested at Georgetown public hospital |
| | allergy clinic |
| | Bibi Alladin-Karan, Georgetown Public Hospital Corporation(GPHC), Guyana |
| | |

Panel Discussion

Day 2 September 8, 2017 Macallan Glenfiddich

| | Keynote Forum | | |
|---|--|--|--|
| 10:00-10:35 | Title: Impact of post-91-gulf war environment on allergies after ten years, among Iraqis | | |
| | who residents in or near war zone | | |
| | Hikmet Jamil, Michigan State University, USA | | |
| | Title: Interleukin (IL)-15 immunotherapy: A novel non-steroidal approach to treat | | |
| 10:35-11:10 | allergen-induced airway obstructions | | |
| | Anil Mishra, Tulane University School of Medicine, USA | | |
| | Networking and Refreshments Break 11:10-11:30 @ Academy Breakout Lounge | | |
| | ma: Immunopathology Immunotherapy Skin Allergy Asthma Allergy Prevention, Risk | | |
| Factors & Trea | | | |
| Session Chair: | Anil Mishra, Tulane University School of Medicine, USA | | |
| | Session Introduction | | |
| 11:30-11:55 | Title: Pre-disposition to asthma by epigenetic imprinting of mitochondria activity | | |
| 11:30-11:55 | Michael Roth, University Hospital Basel, Switzerland | | |
| | Title: Telomerase cancer vaccines | | |
| 11:55-12:20 | Gilberto Filaci, University of Genoa, Italy | | |
| | Title: The involvement of sex-related functions of dendritic cells in female-predominant | | |
| 12:20-12:45 | allergic inflammation in asthma | | |
| | Chiaki Masuda, Tohoku Medical and Pharmaceutical University, Japan | | |
| | Title: Assessment of the role of intrleukin-23 in ankylosing spondylitis | | |
| 12:45-13:10 | Dana M Tofiq, University of Sulaimani, Iraq | | |
| | Lunch Break 13:10-13:50 @ Traders Restaurant | | |
| | Title: Impact of chemical and non-chemical agents on respiratory system including | | |
| 13:50-14:15 | asthma among Iraqi people | | |
| | Mona Radwan, Zagazig University, Egypt | | |
| 14151440 | Title: Vitamin D and skin atopic diseases | | |
| 14:15-14:40 | Mabel Fabiola Ramallo Jadue, University of Saint Francis Xavier, Bolivia | | |
| Video Presentation | | | |
| 14:40-15:00 | Title: Message in a bottle: How evidence based medicine and program change model | | |
| | were used to improve asthma management in a low income emergency department, | | |
| | Papua new guinea | | |
| | Rebecca Heath, Modilon Hospital, Papua New Guinea | | |
| Poster Presentations 15:00-16:00 @ Academy Breakout Lounge | | | |
| Poster Judge: Benjamin BL Wong, University of Toronto, Canada | | | |
| AACI 01 | Title: Safety and efficacy evaluation of an isotonic manganese-enriched seawater | | |
| | solution on human nasal epithelium reconstituted in-vitro | | |
| | Barbara De Servi, Vitroscreen, Italy | | |

| AACI 02 | Title: Therapeutic use of microRNAs to prevent and control allergic rhinosinusitis | |
|------------------|--|--|
| AACI 02 | Gilbert Glady, European Bio Immun(G)en Medicine Association, France | |
| | Title: The increased susceptibility to adult-onset asthma through the inhibition of the | |
| | development of respiratory tolerance by early life stress | |
| | Tasuku Kawano, Tohoku Medical and Pharmaceutical University, Japan | |
| | Title: Histamine-releasing factor is a potential therapeutic target for OVA-induced | |
| AACI 04 | allergic rhinitis | |
| | Heewon Lee, Ewha Womans University, South Korea | |
| | Title: Preclinical development of a novel glutarimide derivative – A candidate oral drug | |
| AACI 05 | for allergic asthma therapy | |
| | Boris Ferko, EURRUS Biotech GmbH, Austria | |
| | Title: The clinical importance of genetic diversity of the eta 2-adrenergic receptor gene | |
| AACI-06 | assessed by mapping of the encoding region and by single-based polymorphisms | |
| | present in a Brazilian population | |
| | Luiz Werber-Bandeira, General Hospital-Santa Casa da Misericordia, Brazil | |
| | Title: Allergic onset against hyaluronidase used to treat overcorrection of hyaluronic | |
| AACI-07 | acid filler injection | |
| | Tatiana Chioro, Hospital do Servidor Público Estadual (IAMSPE), Brazil | |
| | Title: Male-dominant suppressive activity of CD8 ⁺ T cells on CD4 ⁺ T cells: Assessing | |
| AACI-08 | female-dominant allergic airway inflammation | |
| | Tomomitsu Miyasaka, Tohoku Medical and Pharmaceutical University, Japan | |
| | Title: Immunomodulatory potency of Sargassum horneri via increasing regulatory T cells | |
| AACI-09 | and suppressing the mast cell activation | |
| AACI-10 | Areum Kim, Jeju National University, South Korea | |
| | Title: The role of CD244 on pathogenesis of experimental autoimmune | |
| | encephalomyelitis | |
| AACI-11 | Jinhee Cho, Jeju National University, South Korea | |
| | Title: Effectiveness and safety of combination treatment of herbal medicines and oral | |
| | antihistamines for atopic dermatitis: A retrospective chart review | |
| | Inhwa Choi, Kyung Hee University, Republic of Korea | |
| Panel Discussion | | |
