About the conference

Analytical Techniques 2024's Organizing Committee invites all participants to attend 14th World Congress on Analytical and Bioanalytical Techniques (Analytical Techniques 2022) is scheduled during November 27-28, 2024 at Amsterdam, Netherlands. This Analytical techniques 2024 is based on the theme Challenges and Future Directions in Analytical Bioanalytical Techniques High-profile keynote speakers from around the globe, several concurrent oral and poster presentations, a forum for young researchers, and delegates to exchange ideas and discuss mass spectrometry and analytical techniques are all proud to be a part of Analytical Techniques 2024.

Theme: Challenges and Future Directions in Analytical and Bioanalytical Techniques”.

Why to attend the conference

The Analytical Techniques congress 2024 will provide attendees with the latest analytical updates, the latest advances in mass spectrometry and analytical techniques. Attending the Analytical & Bioanalytical Techniques conference allows participants to stay updated with cutting-edge research and technological advancements. Outstanding speakers, discussion of new technologies and modern analysis updates are unique attributes of this mass spectrometry conference. Dedicated discussions in chemistry, physics, space technology and biochemical will additionally help participants to improve their knowledge.

Benefits of attending

Attending the “Challenges and Future Directions in Analytical and Bioanalytical Techniques” conference offers invaluable benefits for professionals in the field. It provides a unique opportunity to stay abreast of the latest technological advancements and emerging trends, ensuring you are well-informed about cutting-edge techniques. The conference facilitates networking with leading experts, researchers, and peers, fostering potential collaborations and career growth.

Sessions of the conference

- Mass Spectrometry
- Advancements in Mass Spectrometry
- Bioanalytical Method Development and Validation
- Novel Approaches to analytical and Bioanalytical method
- Analytical chemistry
- NMR and Analysis of small Organic Molecules
- Applications of Analytical and Bioanalytical methods
- Regulatory issues and Bio safety Challenges in Bioanalysis
- Applications of mass spectrometry
- Environmental Analytical Chemistry
- Metabolomic and Proteomics
- Chemical and Biosensor
- Analytical Methods in Biochemistry
- Analytical Techniques in Nanotechnology
- Clinical and Diagnostic Bioanalysis
- Analytical Techniques in Genomics and Proteomics
- Chromatography Techniques
- New Instrumentation and Equipment
- UV Spectroscopy
- X-Ray spectroscopy

OCM's & Renowned Speakers of the Conference

Grace Y. Sun
Professor Emerita, USA

Frank Andrasik
University of Memphis, USA

Pierluigi Pompei
University of Debrecen, Hungary

Wang Qiong
Southwest Medical University,
China

Elena Cerro-Prada
The Chinese University of Hong Kong,
China

Armenia Nazar
University of Andalas, Indonesia

Jeena N. Janardhanan
Kerala University of Health
Sciences, India

Wen-Long Hu
Department of Chinese Medicine,
Taiwan

Sumita Satarkar
Swasthya Santulan Pvt.Ltd India

Special Benefits

- Research Excellence Award
- Scientific Service Achievement Award)
- The Research Contribution Award
- The Upcoming Researcher Award
- The Women of Science Award
- Outstanding speaker in Analytical Techniques 2024
- Best Keynote Speaker in Best Poster Presentation in Analytical Techniques 2024
- Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation in Analytical Techniques 2024
- Young Research Forum
- Best Presentation honorarium

Publication Opportunities

We provide you with the opportunity to publish your article with our Scopus indexed journals so that you can advance upward academic mobility through access to high-quality research and publication material.
