# Program Announcement

## Venue

Hanoi, Vietnam

## Important Dates

Abstract submission opens: October 25, 2018

Registration opens: October 25, 2018

Early bird registration: January 03, 2019

On spot registration: September 09, 2019

## Accommodation

A large number of rooms have been reserved. Discounted room rates for Asia Nursing 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Cardiology and Medicine.

## About Vietnam

Vietnam is one of Southeast Asia's most beautiful countries, attracting travelers to its lush mountains, bustling cities and golden sand beaches. Despite rapid modernization in Vietnam's urban centers of Hanoi and Ho Chi Minh, time-honored traditions remain intact amongst the locals. There are numerous ancient landmarks and colonial structures that have survived throughout the bumps and scrapes of history. Buddhist shrines can be found next to towering skyscrapers, where you can experience vibrant festivals and ceremonies dating back hundreds of years. Long, sandy beaches are home to luxurious resorts and fine-dining venues, making them ideal romantic getaways, while expansive rice terraces on the hills make for excellent hiking excursions. Whether you're planning a historical tour of Hanoi and Ho Chi Minh, a relaxing beach break or simply want to escape the bustling city life, our Vietnam travel guide caters to just about any holiday preference. The northern part of Vietnam was part of Imperial China for over a millennium, from 111 BC to AD 939. An independent Vietnamese state was formed in 939, following a Vietnamese victory in the battle of Bach Đằng River. Successive Vietnamese imperial dynasties flourished as the nation expanded geographically and politically into Southeast Asia, until the Indochina Peninsula was colonized by the French in the mid-19<sup>th</sup> century.
