Dear Colleagues,

Conference Series llc LTD extends its welcome to 12th Asian Biologics and Biosimilars Congress during August 20-21, 2018 at Tokyo, Japan with a theme “Biologics & Biosimilars: Power of the Past - Force of the Future”. Conference Series llc LTD through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community.

Conference Series llc LTD Organizes 1000+ Conferences Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 100000 eminent personalities, reputed scientists as editorial board members.

The Asian Biosimilars Congress 2018 brings together biopharmaceutical industry colleagues, scientists, researchers, regulatory, and clinical experts from around the globe to bring to you the cutting edge information for the development of biologics and biosimilars and is designed to bring forth the most up to date information for the development of biosimilars. World-renowned speakers, the most recent research, advances, and the newest updates in Biologics and Biosimilars are hallmarks of this conference.

Join your peers from around the world for this wonderful opportunity to reach the largest assembly of participants from the Biologics/Biosimilars community, meet with thought leadership experts, share your new research, and show off your cutting edge technology at this 3-day event.

Organizing Committee Members

Asif Mahmood
Disease Area Cluster Lead for Biosimilars
Pfizer, USA

Devrim Satik
Global Regulatory Affairs AMESA ME Zone
Head Sanofi, Turkey

Jianguo Yang
CEO
TAYU Huaxia biotech medical group
Beijing, China

Divya Chadha Manek
Head of Commercial Business
NIHR, United Kingdom

Pierre A Morgon
CEO MRGN Advisors Certified CxO
Vaccitech Limited
Switzerland

Mahmoud Balbaa
Professor
Alexandria University
Egypt

Michel Mikhail
Senior VP
International Expert in Biosimilars, USA

Pankaj Chaudhari
Manager - Regulatory Affairs (Biosimilars)
IQVIA, India

T. Santha Raju
Sr. Director & Head MedImmune, USA

Tucker Herbert
Sr. Director & Head MedImmune, USA

Suzette DiMascio
CEO & President
CSI Specialty Group USA

Track 1: Latest Biosimilars in Asian Scenario
Track 2: Regulatory Approach for Biosimilars
Track 3: Challenges in Developing Biosimilars
Track 4: Biosimilar Market and Cost Analysis
Track 5: Pharmacovigilance of Biosimilars
Track 6: Biosimilars Research Pipeline
Track 7: Globalization of Biosimilars
Track 8: Emerging Trends in Biosimilars
Track 9: Clinical Studies on Biosimilars
Track 10: Emerging Biosimilars in Therapeutics
Track 11: Biosimilars Analytical Strategies
Track 12: Legal Issues and BPCI Act
Track 13: Intellectual Property Rights
Track 14: Brexit Effect on Biosimilars
Track 15: BCS & IVIVC Based Biowaivers
Track 16: Biosimilar Companies and Market Analysis
Track 17: Bioequivalence Assessment
Track 18: Entrepreneurs Investment Meet
Tourist Attractions
Tokyo is Japan’s capital and the largest metropolitan area in the world. It is also one of Japan’s 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan’s political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world’s most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo (“Eastern Capital”).

World’s highest Skywalk – the Tokyo Sky tree is the tallest free-standing tower in the world, measuring 634m. The observation deck at 450m is the world’s highest skywalk and offers panoramic views of the city.

Tokyo is a fascinating city, where the latest trends and the oldest traditions meet. From ancient cherry-blossom festivals to the vibrant Harajuku neighbourhood, Tokyo offers a seemingly unlimited choice of shopping, entertainment, culture and dining to its visitors. The city’s history can be appreciated in districts such as Asakusa, and in many excellent museums, historic temples and gardens. Contrary to common perception, Tokyo also offers a number of attractive green spaces in the city centre and within relatively short train rides at its outskirts.
