

2nd International conference on

Astronomy, Astrophysics & Astrobiology

December 02-03, 2020 | Auckland, New Zealand

*Theme: “Bridging the gap between
Human, Space and Earth”*

Invitation...

Dear Colleagues,

2nd International conference on Astronomy, Astrophysics & Astrobiology (ASTRONOMY 2020) extends its welcome to you during **December 02-03, 2020** at **Auckland, New Zealand**. with a theme "**Bridging the gap between Human, Space and Earth**". Conference Series LLC Ltd Organises 1000+ Conferences Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 50000 eminent personalities, reputed scientists as editorial board members.

The **ASTRONOMY 2020** intends to gather all the people across the globe like students, lecturers, Assistant Professors, Professors, Directors, Chairman, Chancellor, Scientists, Doctors, Managing Directors, Chief Executive Officers, Presidents and Noble Laureates and base a platform for them to share their experience, knowledge and research work, recent advancements in the field of Astronomy, Astrophysics & Astrobiology.

Why to Attend???

Astronomy, Astrophysics & Astrobiology Conference provides a Global Platform for Global Networking and Exchanging Latest Innovations in Astronomy, Astrophysics and Astrobiology. Offering opportunity to attend the Presentations delivered by eminent experts from all over the world. Participating in Astronomy Conferences gives a way to Meet, Interact With, And Make Contacts with other Experts in Your Specialty Area. Most Conferences will have Authors, Researchers, Clinicians who Are Recognized Experts in The Field.

Conference Sessions:

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, constructive, experimental or theoretical work in all areas of Astronomy, Astrophysics & Astrobiology are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

- • Astronomy
- • Astrophysics
- • Computational Astrophysics
- • Dark Matter, Dark Energy, and Black Holes
- • Gravitational Physics
- • Neutrino Astronomy
- • Optical Astronomy
- • Cosmology
- • Particle Physics – Higgs Boson
- • Astrobiology
- • Biophysics
- • Astrochemistry
- • Astromicrobiology
- • X-Ray Astronomy
- • Aerospace Engineering

ASTRONOMY 2020

- Opportunity to attend the presentations delivered by eminent scientists and business professionals from all over the world.
- Selected contributions will be published in following reputed high impact factor Journals.
 - ☞ Journal of Astrophysics & Aerospace Technology
 - ☞ Journal of Physical Mathematics
 - ☞ Journal of Medical Physics and Applied Sciences

Program at Glance

December 02, 2020

Time	Session
------	---------

08:30 - 09:30	Registrations
---------------	---------------

09:30 -11:30	Keynote Forums
--------------	----------------

Group Photo

11:30 -11:45	Network & Refreshment Break
--------------	-----------------------------

11:45 -13:00	Astronomy Astrophysics
--------------	--------------------------

13:00 -13:45	Lunch Break
--------------	-------------

13:45 -16:00	Computational Astrophysics Dark Matter, Dark Energy, and Black Holes Gravitational Physics
--------------	--

16:00 -16:15	Network & Refreshment Break
--------------	-----------------------------

16:15 -18:00	Neutrino Astronomy Optical Astronomy Cosmology
--------------	---

Day Concludes

December 03, 2020

Time	Session
------	---------

08:30 - 09:30	Registrations
---------------	---------------

09:30 -10:30	Keynote Forums
--------------	----------------

10:30 -11:30	Particle Physics – Higgs Boson Astrobiology Biophysics
--------------	--

11:30 -11:45	Network & Refreshment Break
--------------	-----------------------------

11:45-13:00	Astrochemistry Astromicrobiology
-------------	----------------------------------

13:00 -13:45	Lunch Break
--------------	-------------

13:45 -16:00	X-Ray Astronomy Aerospace Engineering
--------------	--

16:00 -16: 15	Network & Refreshment Break
---------------	-----------------------------

16:15 -18:00	Poster Presentations
--------------	----------------------

Day Concludes

Award Ceremony

Conferece Concludes

City Attractions

Venue :

Auckland, New Zealand

Auckland is a city in the North Island of New Zealand. The most populous urban area in the country, Auckland has an urban population of around 1,570,100 (June 2018).[4] It is located in the Auckland Region—the area governed by Auckland Council—which includes outlying rural areas and the islands of the Hauraki Gulf, resulting in a total population of 1,618,400.[4] Auckland is a diverse, multicultural and cosmopolitan city, home to the largest Polynesian population in the world.[5] The Māori-language name for Auckland is Tāmaki Makaurau, meaning “Tāmaki desired by many”, in reference to the desirability of its natural resources and geography.[6]

Auckland lies between the Hauraki Gulf of the Pacific Ocean to the east, the low Hunua Ranges to the south-east, the Manukau Harbour to the south-west, and the Waitakere Ranges and smaller ranges to the west and north-west. The surrounding hills are covered in rainforest and the landscape is dotted with dozens of dormant volcanic cones. The central part of the urban area occupies a narrow isthmus between the Manukau Harbour on the Tasman Sea and the Waitematā Harbour on the Pacific Ocean. Auckland is one of the few cities in the world to have a harbour on each of two separate major bodies of water.

The isthmus on which Auckland resides was first settled around 1350 and was valued for its rich and fertile land. The Māori population in the area is estimated to have peaked at 20,000 before the arrival of Europeans. [7] After a British colony was established in 1840, William Hobson, then Lieutenant-Governor of New Zealand, chose the area as his new capital. He named the area for George Eden, Earl of Auckland, British First Lord of the Admiralty. Māori–European conflict over land in the region led to war in the mid-19th century. Auckland was replaced as the capital in 1865 by Wellington, but the influx of immigration stayed strong, and it has remained the nation’s largest city. Today, Auckland’s central business district is New Zealand’s leading economic hub.
