

4<sup>th</sup> International Conference on  
**Biochemistry &  
Molecular Biology**

May 10-11, 2019 Tokyo, Japan

**200+**

Participation

**15+**

Interactive  
Sessions

**10+**

Keynote  
Lectures

**50+**

Plenary  
Lectures

**3+**

Workshops

**10+**

Exhibitors

**B2B**

Meetings

# Tentative Program

Day-01 May 10, 2019 Friday	
Time	Session
08:30-09:00	Registrations
09:00-11:00	Keynote Forum
Group Photo	
Network & Refreshments Break: 11:00-11:15	
11:15-13:00	Track 1: Clinical and Nutritional Biochemistry, Track 2: Medicinal and Pharmaceutical Biochemistry
Lunch Break: 13:00-13:45	
13:45-16:00	Track 3: Structural and Molecular Biochemistry, Track 4: Protein and Analytical Biochemistry
Network & Refreshments Break: 16:00-16:15	
16:15-18:00	Track 5: Cellular and Molecular Biology, Track 6: Enzymology & Biochemistry
Day Concludes	
Day-02 May 11, 2019 Saturday	
09:00-10:00	Keynote Forum
10:00-11:30	Track 7: Enzymology in Molecular Biology, Track 8: Proteomics in Biochemistry and Molecular Biology, Track 9: Nano Biochemistry
Network & Refreshments Break: 11:30-11:45	
11:45-13:00	Track 10: Cardiac Biochemistry, Track 11: Toxicology and Pharmacology, Track 12: Medical Genetics
Lunch Break: 13:00-13:45	
13:45-15:00	Track 13: Clinical Pathology, Track 14: Structural Biology, Track 15: Structural Bioinformatics and Structural Molecular Biology
Network & Refreshments Break: 15:00-15:15	
15:15-16:30	Track 16: Computational Chemistry and Chemical Biology, Track 17: Quantitative Biology and Biophysics, Track 18: Agricultural and Food Chemistry
16:30-18:00	Poster Presentations
Awards & Closing Ceremony	
Panel Discussions and B2B Meetings	

# *Glimpses of past conference*

# *Tourist Attractions*

## Venue

Tokyo is Japan's capital and the world's most populous metropolis. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan's political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world's most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo ("Eastern Capital"). Large parts of Tokyo were destroyed in the Great Kanto Earthquake of 1923 and in the air raids of 1945.
