Biodiversity
Congress 2018

Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Biodiversity Congress 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held simultaneously with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new developments in the field of Aquaculture.

About Melbourne

Melbourne is the capital and most populous city of the Australian state of Victoria, and the second-most populous city in Australia and Oceania. The metropolis is located on the large natural bay of Port Phillip and expands into the hinterlands towards the Dandenong and Macedon mountain ranges, Mornington Peninsula and Yarra Valley. Melbourne rates highly in education, entertainment, health care, research and development, tourism and sport, making it the world's most liveable city for the sixth year in a row in 2016, according to the Economist Intelligence Unit. It is a leading financial center in the Asia-Pacific region, and ranks among the top 30 cities in the world in the Global Financial Centers Index.

Melbourne's multicultural atmosphere is set amongst Victorian-era buildings and gorgeous parkland. It has a population of just over 4 million people, and is a picturesque place with so much to offer the visitor and resident alike. The city center, also known as the Central Business District (CBD), is on the north bank of the Yarra River. It is approximately 5 kilometers inland from Port Phillip Bay, where most of the pretty suburbs are situated. The heart of the city is marked by Bourke Street Mall which is situated between Swanston Street and Elizabeth Street, running north to south. Bourke Street and Collins Street are the main roads running west to east. One of the best ways to really enjoy Melbourne is to take part in an organized tour. Some of the popular ones include the Great Ocean Road Tour and for the adventurous Caving is also popular.

Venue

Melbourne, Australia

Important Dates

Abstract submission opens: June 15, 2017

Registration opens: July 01, 2017

Early bird registration: November 30, 2017

On spot registration: July 26, 2018
