Venue
Hong Kong

Important Dates

Abstract Submission Opens: August 20, 2018
Online Registration Opens: August 25, 2018
On Spot Registration: March 29, 2019

Accommodation

A large number of rooms have been reserved. Discounted room rates for Biomedicine 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Pediatric Neurology.

About Hong Kong

Hong Kong is cosmopolitan and multicultural located in eastern Asia. It borders the South China Sea to the south, west, and east, and shares a land border with mainland China to the north. The Outlying Islands are made up of 234 islands in the proximity of Hong Kong, excluding Hong Kong Island where the capital city (Hong Kong) is located; the island is in the southern part of the territory.

It was viewed as the world's best goal for relaxation guests and gatherings in 2012. Hong Kong was voted the "Best FIT Destination of the Year" in the China Travel and Meeting Industry Awards 2012 sorted out by travel magazine Travel Weekly. It was additionally named the "Best City for MICE Events" in the 2012 Industry Awards composed by CEI Asia Pacific magazine. Hong Kong has a very strong economic base, which has enabled it to tolerate periods of economic hardship. This strong economic base will help Hong Kong to regain its losses and expand its economy to play a more significant role in global markets.

Some 40 percent of Hong Kong's land is devoted to its park system, and its 21 parks scattered throughout Hong Kong and Lantau Islands and the New Territories are well used by the citizens. Tai Chi, hiking, bicycling, kite flying, and picnicking are popular activities for which the ultra-urban people of Hong Kong resort to the wooded areas surrounding the city. Hong Kong's water-front setting also provides ample opportunity for aquatic recreation, such as pleasure sailing, waterskiing, and canoeing, and the city has several boating clubs. Organized recreation is also available at community centers.
