ConferenceSeries Ltd is an international science conferences event organizer and union of Open Access publisher. ConferenceSeries Ltd currently has more than 700+ Open Access journals with fifty thousand Editorial team 3 million readers. ConferenceSeries Ltd also organizes 1000+ International scientific events annually across the world, where knowledge transfer takes place through round table meetings, panel discussions, poster presentations, International workshops, International symposiums & world class exhibitions. ConferenceSeries Ltd conferences host presentations from eminent experts in the relevant fields.

- Biopolymers and Polymer Chemistry
- Advanced polymers and plastic
- Global polymers and plastic
- Biofuels & Biodiesels
- Biopolymers as Materials
- plastic Industries
- bioproducts and plastic Markets & Strategies
- Green Composites in Biopolymers
- Advanced Biopolymers
- Biopolymers in Biofibers & Microbial Cellulose
- Natural polymers
- Sustainable & Renewable Energy

Important Dates:

Abstract submission opens: April 20, 2019

Registration opens: April 20, 2019

Early bird registration: June 15, 2019

On spot registration: July 15, 2019

Speaker Slots Available

City Attractions

Venue

Bangkok certainly lives up to its reputation as a travel hot spot in Southeast Asia. The 'City of Angels' has funky markets, upmarket malls, a riverside full of surprises, a vibrant nightlife scene, many fabulous sights and attractions that reflect its unique heritage, and much more. Bangkok is a city of contrasts with action at every turn; marvel at the gleaming temples, catch a tuk tuk along the bustling Chinatown or take a longtail boat through floating markets. Food is another Bangkok highlight, from local dishes served at humble street stalls to haute cuisine at romantic rooftop restaurants

Bangkok, is Thailand's national capital and the biggest city. Bangkok is monetary and social focus and has one of the Southeast Asia's most prominent ports and terminals. It is a standout amongst the most gainful rice developing districts in Asia. It additionally has number of sugar factories and material businesses. The vast majority of the exchange is done through port of Bangkok in Thailand.
