Invitation

Dear Colleagues,

Conference Series LLC Ltd. is delighted to welcome you to Croatia, Zagreb for Brain Death 2019 conference.

The conference is based on the theme “Glimpses of Novel Concepts on Cessation of Brain Functions”, which will provide a global networking platform for all the attendees.

This gathering is dedicated to neurologists, neurosurgeons and brain healthcare professionals, neuroscience researchers, academicians, students, scholars, delegates, practitioners, nurses from critical care unit, business personnel, pharmaceutical companies, organ donation & preservation companies and laboratories with the objective to provide an international platform for precious discussions on recent innovations, clinical trials, present and future challenges on brain death management along with one on one expertise meeting to build open opportunities for collaboration and strengthening professional network to continue in the future.

With a great support, the conference committee is featuring many exciting academic programs including paper presentations, poster presentations, panel discussions, workshops, group lunch, exhibition and scientific sessions by reputed experts from all over the world which will make a grand success for this conference.

We look forward to see you in Zagreb, Croatia this November.

Sincerely,

Brain Death 2019
Organizing Committee
Brain Death 2019 conference committee is going to give a warm welcome to all the attendees of different countries from all over the world to attend the conference which is being organized in the capital city of Croatia, Zagreb during November 28-29, 2019. This meeting will be focused on modern conceptualization of brain death, its determination, prevention and brain death management.

The gathering of this event will aim to enlighten causes, prevention and complications of irreversible brain damage, which is commonly called Brain death. The conference committee has created a successful collaboration among the neurologists, neurosurgeons, neuro-physicians, critical care specialists and field related experts from all over the world. This opportunity will provide a global platform to them for enlightening the subject matter towards the world. Brain Death 2019 is a specially designed conference which consists of keynote presentations, Oral talks, Poster presentations, Workshops, Panel Discussions and Exhibitions, Young Researcher Forums (YRF) and Best Poster Award.

Why to attend?

The conference program emphasizes evidence-based practice, innovation, practical application and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through bringing together the world’s scientific experts to catalyze scientific knowledge about Brain Death, present the most recent research findings and enhance scientific collaborations around the world.

Host City

Zagreb - The city of Museum

The city Zagreb, capital of Croatia is situated beneath the slope of Medvednica Hill to the north and beside the Sava River to the south. It appreciates a rich social existence with 30 museums, large number of exhibitions, numerous theaters, music and more celebrations which consolidate to make Zagreb a city of art. Building doorways around the Lower Town of the city give a connection between open avenues and the private circle of private yards. This city is an important junction of roads and rail lines from west and central Europe to the Adriatic Sea and the Balkans. Not only in Croatia but also in whole south-eastern Europe, Zagreb has become a great tourist destination. The main attractions of the city are Medvednica Mountain (Sljeme), Maksimir Park (Maksimirirski perivoj), Upper Town (Gornji Grad), Art Pavilion (Umjetnički Paviljon), The Archeological and Ethnographic Museums (Arheoloski Muzej), Zagreb Botanical Garden, Tkalciceva Street, Zrinjevac, Mirogoj Cemetery and more. More than thousands islands are found in Croatia’s coastline. Not only Zagreb, the whole Croatia is full of ancient treasures from the Greek and Roman eras.
