1506th Conference

Scientific Program

5th International Conference on BRAIN DISORDERS AND THERAPEUTICS November 29-30, 2017 | Madrid, Spain

UK: Conference Series IIc LTD 47 Churchfield Road, London, W3 6AY Toll Free: +0-800-014-8923

08:30-09:00 Registrations

Day 1 November 29, 2017

Picasso

conferenceseries.com 09:00-09:30

Opening Ceremony

Introduction 09:30-10:10 Title: Neuro radio surgery: Where are we now? Eyad Faizo, BG Unfallklinik Murnau, Germany Networking and Refreshments Break 10:10-10:30 @ Foy 10:30-11:10 Title: Cerebellar stroke and vertigo syndromes: Similarities and changes Drini Dobi, University Hospital Center " Mother Teresa", Albania 11:10-11:50 Walter Bini, Healthpoint Hospital Abu Dhabi, UAE	
09:30-10:10 Eyad Faizo, BG Unfallklinik Murnau, Germany Networking and Refreshments Break 10:10-10:30 @ Foy Title: Cerebellar stroke and vertigo syndromes: Similarities and changes 10:30-11:10 Drini Dobi, University Hospital Center " Mother Teresa", Albania	
Eyad Faizo, BG Unfallklinik Murnau, Germany Networking and Refreshments Break 10:10-10:30 @ Foy Title: Cerebellar stroke and vertigo syndromes: Similarities and changes Drini Dobi, University Hospital Center " Mother Teresa", Albania	
10:30-11:10Title: Cerebellar stroke and vertigo syndromes: Similarities and changes Drini Dobi, University Hospital Center " Mother Teresa", Albania	
10:30-11:10 Drini Dobi, University Hospital Center "Mother Teresa", Albania	
Drini Dobi, University Hospital Center "Mother Teresa", Albania	
11:10-11:50 Walter Bini, Healthpoint Hospital Abu Dhabi, UAF	
Sessions: Brain Disorders Neurobiology Novel Treatment Strategies Neurodegeneration and Aging Disorders Analysis, Assessment and Diagnosis	
Session Chair: Eyad Faizo, BG Unfallklinik Murnau, Germany	
Session Introduction	
Title: Multiple Sclerosis, corpus callosum and bedside test	
11:50-12:20 Khin Maung Bo, Northern Lincolnshire and Goole NHS Foundation Trust, UK	
Title: Anxiety and cognitive decline: What precedes what in this intricate model?	
Gary Sinoff, University of Haifa, Israel	
Lunch Break 12:50-13:50 @ Nature Restaurant	
Title: Nutritional status and macronutrients adequacy of some traumatic brain injury	
13:50-14:20 patients attending a specialized unit in the state of Qatar	
Ghazi Daradkeh, Hamad Medical Corporation- Al Khor Hospital, Qatar	
14:20-14:50 Title: Nutrition in neurological conditions	
Ashutosh Tiwari, Spine & Multispeciality Clinic, India Title: Study of the investigative work of the neuropathologist Jordi Cervós Navarro	
14:50-15:20 through some of his conferences, speeches and talks	
Maria Silvia Lopez Alonso, The Catholic University of Valencia Saint Vicente Mártir (UCV), Spain	
Title: The effect of different forms of prolonged motor deficit on the ultrastructure of	
15:20-15:50 limbic, extrapyramidal and neocortical regions of rat brain. Electron Microscopic study	
Mzia G Zhvania, Ilia State University, Georgia	
Networking and Refreshments Break 15:50-16:10 @ Foyer	
Title: In the search of safe therapies for Down syndrome	
Fiorenza Stagni, University of Bologna, Italy	
Title: Amelioration of mitochondrial dysfunction and hippocampal neuronal death by	
16:40-17:10 Apigenin in an Alzheimer's disease model	
Farnaz Nikbakht, Iran University of Medical Sciences, Iran Panel Discussion	

Dmu 2. November 20, 2017		
	Day 2 November 30, 2017 Picasso	
Soccions: Brai	n Disorders Neurobiology Novel Treatment Strategies Neurodegeneration and Aging	
	eurolmmunology Brain Engineering	
	: Gary Sinoff, University of Haifa, Israel	
	Session Introduction	
09:30-10:00	Title: Sacroiliac Joint pain: The missed diagnosis	
07.30-10.00	Eyad Faizo, BG Unfallklinik Murnau, Germany	
	Networking and Refreshments Break 10:00-10:20 @ Foyer	
10:20-10:50	Title: Specific platelet microRNA signature for Dementia with Lewy bodies as promising biomarker	
	Ana Gamez Valero, Universitat Autònoma de Barcelona, Spain	
10:50-11:20	Title: Current status of 18F-DOPA PET imaging in the detection of brain tumor recurrence	
	Juan Manuel Isusi Alcazar, The National Autonomous University of Mexico, Mexico	
Title: A novel sparse coding algorithm for classification of tumors based on gene expression	Title: A novel sparse coding algorithm for classification of tumors based on gene expression data	
11:20-11:50	Morteza Kolali Khormuji, International Federation for Medical and Biological Engineering,	
	Iran	
	Title: The method of cognitive functions recovery after traumatic brain injury applying author's	
11:50-12:20	computer programs	
_	Ekaterina Zubrickaya, Krasnoyarsk State Medical University, Russia	
	Workshop	
12:20-12:50	Title: Cupping therapy	
	Ashutosh Tiwari, Spine & Multispeciallity Clinic, India	
Lunch Break 12:50-13:50 @ Nature Restaurant		
	Poster Presentations 13:50-15:00 @ Meeting rooms	
BD-01	Title: Emotional response and cognitive biase using duty-relevant trauma words set for	
BD-01	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers	
BD-01	Title: Emotional response and cognitive biase using duty-relevant trauma words set for	
BD-01 BD-02	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea	
	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear-	
BD-02	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour	
	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors	
BD-02	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors Tayllon dos Anjos Garcia, University of São Paulo, Brazil	
BD-02 BD-03	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors Tayllon dos Anjos Garcia, University of São Paulo, Brazil	
BD-02	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors Tayllon dos Anjos Garcia, University of São Paulo, Brazil Title: The effect of EMF on behavior manifestation of seizure activity in genetically epilepsy- prone rats	
BD-02 BD-03	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors Tayllon dos Anjos Garcia, University of São Paulo, Brazil Title: The effect of EMF on behavior manifestation of seizure activity in genetically epilepsy- prone rats Nato Bukia, Ivane Beritashvili Center of Experimental Biomedicine, Georgia	
BD-02 BD-03	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors Tayllon dos Anjos Garcia, University of São Paulo, Brazil Title: The effect of EMF on behavior manifestation of seizure activity in genetically epilepsy- prone rats	
BD-02 BD-03 BD-04	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors Tayllon dos Anjos Garcia, University of São Paulo, Brazil Title: The effect of EMF on behavior manifestation of seizure activity in genetically epilepsy- prone rats Nato Bukia, Ivane Beritashvili Center of Experimental Biomedicine, Georgia Title: Study of the investigative work of the neuropathologist Jordi Cervós Navarro through	
BD-02 BD-03 BD-04 BD-05	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors Tayllon dos Anjos Garcia, University of São Paulo, Brazil Title: The effect of EMF on behavior manifestation of seizure activity in genetically epilepsy- prone rats Nato Bukia, Ivane Beritashvili Center of Experimental Biomedicine, Georgia Title: Study of the investigative work of the neuropathologist Jordi Cervós Navarro through some of his conferences, speeches and talks Maria Silvia Lopez Alonso, The Catholic University of Valencia Saint Vicente Mártir (UCV), Spain Title: Transplantation of human embryonic stem cell - derived neural stem with an injectable	
BD-02 BD-03 BD-04	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors Tayllon dos Anjos Garcia, University of São Paulo, Brazil Title: The effect of EMF on behavior manifestation of seizure activity in genetically epilepsy- prone rats Nato Bukia, Ivane Beritashvili Center of Experimental Biomedicine, Georgia Title: Study of the investigative work of the neuropathologist Jordi Cervós Navarro through some of his conferences, speeches and talks Maria Silvia Lopez Alonso, The Catholic University of Valencia Saint Vicente Mártir (UCV), Spain Title: Transplantation of human embryonic stem cell - derived neural stem with an injectable hyaluronic acid-gelatin hydrogel into contusion model of rat spinal cord injury	
BD-02 BD-03 BD-04 BD-05	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors Tayllon dos Anjos Garcia, University of São Paulo, Brazil Title: The effect of EMF on behavior manifestation of seizure activity in genetically epilepsy- prone rats Nato Bukia, Ivane Beritashvili Center of Experimental Biomedicine, Georgia Title: Study of the investigative work of the neuropathologist Jordi Cervós Navarro through some of his conferences, speeches and talks Maria Silvia Lopez Alonso, The Catholic University of Valencia Saint Vicente Mártir (UCV), Spain Title: Transplantation of human embryonic stem cell - derived neural stem with an injectable hyaluronic acid-gelatin hydrogel into contusion model of rat spinal cord injury Hoda Sadrosadat, Royan Institute, Iran	
BD-02 BD-03 BD-04 BD-05 BD-06	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors Tayllon dos Anjos Garcia, University of São Paulo, Brazil Title: The effect of EMF on behavior manifestation of seizure activity in genetically epilepsy- prone rats Nato Bukia, Ivane Beritashvili Center of Experimental Biomedicine, Georgia Title: Study of the investigative work of the neuropathologist Jordi Cervós Navarro through some of his conferences, speeches and talks Maria Silvia Lopez Alonso, The Catholic University of Valencia Saint Vicente Mártir (UCV), Spain Title: Transplantation of human embryonic stem cell - derived neural stem with an injectable hyaluronic acid-gelatin hydrogel into contusion model of rat spinal cord injury Hoda Sadrosadat, Royan Institute, Iran Title: A strategy to target gliosis for enhanced myelin repair	
BD-02 BD-03 BD-04 BD-05	Title: Emotional response and cognitive biase using duty-relevant trauma words set for professional rescue workers Minyoung Sim, National Center for Mental Health, South Korea Title: NMDA receptors mediate nitric oxide donor-induced panic-like behaviours and fear- induced antinociception organised by anterior hypothalamus neurons Luiz Luciano Falconi Sobrinho, University of São Paulo, Brazil Title: Effect of increasing doses of anandamide in the hypothalamus on panic-like behaviour evoked during threatening situations: Role of CB1 and TRPV1 receptors Tayllon dos Anjos Garcia, University of São Paulo, Brazil Title: The effect of EMF on behavior manifestation of seizure activity in genetically epilepsy- prone rats Nato Bukia, Ivane Beritashvili Center of Experimental Biomedicine, Georgia Title: Study of the investigative work of the neuropathologist Jordi Cervós Navarro through some of his conferences, speeches and talks Maria Silvia Lopez Alonso, The Catholic University of Valencia Saint Vicente Mártir (UCV), Spain Title: Transplantation of human embryonic stem cell - derived neural stem with an injectable hyaluronic acid-gelatin hydrogel into contusion model of rat spinal cord injury Hoda Sadrosadat, Royan Institute, Iran	

Title: Prenatal exposure to the bacterial endotoxin – lipopolysaccharide causes anxiety like BD-08 behaviour in an adult offspring rats

Katarzyna Chamera, Polish Academy of Sciences, Poland

- BD-09 Title: A rare neuropsychiatric manifestation of Systemic Lupus Erythematosus: Case Report Jasminka Milosevic, The University of Auckland, New Zealand Title: Involvement of D1/D2 dopamine receptors within the nucleus accumbens and ventral
- BD-10 tegmental area in the development of sensitization to antinociceptive effect of morphine Leila Zarepour, Iran University of Medical Sciences, Iran Title: Neuroinflammation, glial activation, oxidative stress and behavioral deficit in the
- BD-11
 hippocampus following short-term adrenalectomy

 Naserddine Hamadi, United Arab Emirates University, UAE

 Title: Prevalence, predictors and triggers of migraine headache among medical students and

 BD-12

Afnan Khalid Alotaibi, King Abdulaziz University, Saudi Arabia

Panel Discussion Awards & Closing Ceremony 15:00-16:00 Networking and Refreshments Break 16:00-16:20 @ Foyer
