A large number of rooms have been reserved. Discounted room rates for Cancer Genomics 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Polymer Science.

About Dubai

Dubai is a city in the United Arab Emirates, located within the emirate. The emirate of Dubai is located on the southeast coast of the Persian Gulf and is one of the seven emirates that make up the country. It has the largest population in the UAE (2,106,177) and the second-largest land territory by area (4,114 km2) after Abu Dhabi. It is one of the few cities in the world that has undergone such a rapid transformation - from a humble beginning as a pearl diving centre - to one of the fastest growing cities on Earth.

Dubai today is a tourism, trade and logistics hub and has earned itself the reputation of being the ‘gateway between the east and the west’. It is also considered as the dynamic nucleus of the Arabian Gulf region.

Dubai has a fascinating history and a vibrant heritage that provides visitors an intriguing glimpse into Arabian culture. A place to start exploring the heritage and history of Dubai is the Dubai Museum: its located inside the Al Fahidi Fort, one of the Dubai’s oldest building dating back to 1787. There are other museums in Dubai that also offer insights into the history and growth of the city and of the United Arab Emirates.

Tourism is an important part of the Dubai government’s strategy to maintain the flow of foreign cash into the emirate. Dubai’s lure for tourists is based mainly on shopping, but also on its possession of other ancient and modern attractions. As of 2013, Dubai was the 7th most visited city of the world based on air traffic and the fastest growing, increasing by a 10.7% rate. Dubai is expected to accommodate over 15 million tourists by 2015. The emirate is also the most populous of the seven emirates of the United Arab Emirates.
Important Dates
Abstract Submission Opens: October 1, 2017
Online Registration Opens: October 1, 2017
Early bird registration: June 15, 2018
On Spot Registration: October 08, 2018

Venue
Dubai, UAE
