# Program Announcement

## Venue

Valencia, Spain

## Important Dates

Abstract Submission Opens: April 19, 2019

Online Registration Opens: April 19, 2019

on Spot Registration: October 23, 2019

## Accommodation

A large number of rooms have been reserved. Discounted room rates for Cardiodiabetes-2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of World Conference on Diabetes and Heart Congress.

## About Valencia, Spain

Valencia officially València on the east coast of Spain, is the capital of the autonomous community of Valencia and the third-largest city in Spain after Madrid and Barcelona, with around 800,000 inhabitants in the administrative centre. Its urban area extends beyond the administrative city limits with a population of around 1.5–1.6 million people. Valencia is Spain's third largest metropolitan area, with a population ranging from 1.7 to 2.5 million depending on how the metropolitan area is defined. Valencia was the capital of Spain when Joseph Bonaparte moved. Valencia stands on the banks of the Turia River, located on the eastern coast of the Iberian Peninsula and the western part of the Mediterranean Sea, fronting the Gulf of Valencia. At its founding by the Romans, it stood on a river island in the Turia, 6.4 kilometres (4.0 mi) from the sea. Valencia has a subtropical Mediterranean climate with short, very mild winters and long, hot and dry summers.

Starting in the mid-1990s, Valencia, formerly an industrial centre, saw rapid development that expanded its cultural and tourism possibilities, and transformed it into a newly vibrant city. In its long history, Valencia has acquired many local traditions and festivals. Valencia is known internationally for the Falles, a local festival held in March, as well as for paella valenciana, traditional Valencian ceramics, craftsmanship in traditional dress, and the architecture of the City of Arts and Sciences, designed by Santiago Calatrava and Félix Candela. Valencia is a bilingual city. Valencia is also internationally famous for its football club, Valencia C.F.
