# Program Announcement

## Venue

Sydney, Australia

## Important Dates

Abstract submission opens: June 04, 2018

Registration opens: June 13, 2018

Early bird registration: September 10, 2018

On spot registration: March 27, 2019

## Accommodation

A large number of rooms have been reserved. Discounted room rates for Cardio-Thoracic Surgery 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Cardiovascular and Thoracic Surgery.

## About Sydney

Sydney is the state capital of New South Wales and the most popular city in Australia and Oceania. Located on Australia's east coast, the metropolis surrounds the world's largest natural harbour and sprawls about 70 km on its periphery towards the Blue Mountains to the west, Hawkesbury to the north and Macarthur to the south. Sydney is made up of 658 suburbs, 40 local government areas and 15 contiguous regions. Residents of the city are known as "Sydney siders". As at June 2016 Sydney's estimated population was 5,029,768. Sydney is Australia's biggest and most cosmopolitan city. It is an essential stop in any traveller's itinerary. It's also a superb introduction to Australia and New South Wales, the country's most diverse state.

Sydney itself offers a mix of tours, attractions and events that allows visitors to discover this city. Surrounding the city is a wonderland of national parks, forests, mountains, river valleys and historic riverside towns.

Sydney is amongst the top fifteen most-visited cities in the world, with millions of tourists coming each year to see the city's landmarks. Its natural features include Sydney Harbour, the Royal National Park, and the Royal Botanic Garden. Man-made attractions such as Sydney Tower, the Sydney Harbour Bridge, and the Sydney Opera House (which became a World Heritage Site in 2007) are also well known to international visitors. The main passenger airport serving the metropolitan area is Kingsford-Smith Airport, one of the world's oldest continually operating airports. Opened in 1906, Central station is the main hub of the city's rail network.
