

Cardiology World 2018 Tentative Program	
Day 1	
November 05, 2018	
09:00-09:30	Opening Ceremony
09:30-10:00	Registration
Keynote Presentation	
10:00-10:50	Title: The use of VA-ECMO in the cathlab: STEMI and High Risk Percutaneous Coronary Interventions
	F.S.van den Brink, Medisch Centrum, Netherlands
Coffee Break @10:50-11:20	
Oral Sessions Chair:	
Oral Sessions: Introduction	
Tracks: Heart Disease Molecular Cardiology Cardiovascular Medicine Heart Failure Arrhythmias Pediatric Cardiology Diabetes and Cardio-metabolic Diseases	
11:20-01:20	Workshop Title: Health For All Through Wisdom – Gain The Optimal Health While Reversing The Pandemic Of Non-Communicable Diseases, Particularly The Cardiovascular Illnesses
	Suresh Vatsyayann , India
Lunch Break @01:20-02:20	
02:20-02:55	Title: Cardiovascular Magnetic Resonance Imaging evidence of Edema in Chronic Chagasic Cardiomyopathy
	Andrés Diaz University of Barcelona, Colombia
02:55-03:30	Title: Significant Genetic Association Of A Functional Tfp1 Variant With Circulating Fibrinogen Levels And Coronary Artery Disease
	Duraid Hamid Naji Al-Midfai, Fuwai Central China Cardiovascular Hospital, China
Coffee Break @03:30-30:50	
03:50-04:35	Title: Quality management in the heart catheterization laboratory
	Essam Hamed Amin Ali, Total Quality Management Consultant, UAE

Day 2		November 06, 2018
Keynote Presentation		
10:00-10:50	Title: Health For All Through Wisdom – Gain The Optimal Health While Reversing The Pandemic Of Non-Communicable Diseases, Particularly The Cardiovascular Illnesses	
	Suresh Vatsyayann , India	
Oral Sessions: Cardiac Surgery Molecular cardiology Hypertension Cardiac Nursing and Healthcare Cardiac Diagnostic Test Percutaneous Cardiovascular Interventions		
10:40-11:05	Title: Role of 99mtc-mibi myocardial perfusion imaging in the diagnosis of coronary artery disease	
	Karan Singh Peepre , Gandhi Medical College, India	
Coffee Break @11:05-11:20		
11:20-11:50	Title: Breaking the rules: Treating mitral valve pathology in patients with arrhythmogenic right ventricular dysplasia	
	Samer Kassem , Centro Cardiologico Monzino, Italy	
11:50-12:25	Title: EPPB-AH early predictive protein biomarkers of atherosclerosis and hypertension	
	Ramzi EL FEGHALI , Omics & Nanotech, France	
12:25-12:55	Title: Total quality management in healthcare sector	
	Essam Hamed Amin Ali , Total Quality Management Consultant, UAE	
Lunch Break @12:55-01:55		
01:55-02:30	Title: Knowledge, perception about cardiovascular risk factors among college students of Bangladesh	
	Adiba Tarannum , Green Life Hospital Ltd, Bangladesh	
02:30-02:55	Title: Evaluation of risk factors associated with heart valve thrombosis in patients with prosthetic heart valves dysfunction	
	Sepehr Gohari , Iran University of Medical Sciences, Iran	
02:55-03:30	Title: Coronary artery revascularization effect on serum levels of interleukin-27	
	Amir Hossein Heyadri , Zanzan university of Medical Science, Iran
