About Barcelona

Barcelona, the cosmopolitan capital of Spain's Catalonia locale, is known for its specialty and engineering. The fantastical Sagrada Família church and other innovator tourist spots planned by Antoni Gaudí speck the city. Museum Picasso and Fundació Joan Miró highlight present day workmanship by their namesakes. City history gallery MUHBA incorporates a few Roman archaeological destinations.

Barcelona sited between the ocean and the mountains, has discovered an impressive equalization: a foot in the conventional things and the other in the vanguard. Barcelona has the notoriety of being the most cosmopolitan, current and cutting edge city in Spain and it has recharged for the 1992 Olympic Games
