# Tentative Program

| 12th World Congress on Cell & Tissue Science   |                                    |
|--|------------------------------------|
| March 11-12, 2019 Singapore  |                                    |
| Program at a Glance  |                                    |
| Day 1 March 11, 2019   |                                    |
| 08.00-09.00  | Registration                       |
| 09.00-09.15  | Introduction                       |
| Keynote Session  |                                    |
| 09.15-10.45  | 3 Keynote Speakers ( 30 Mins Each) |
| Panel Discussions/Group Photo  |                                    |
| Refreshments and Networking Break @ 10.45-11.00  |                                    |
| Sessions: Cell Biology   Cellular and Gene Therapy   Cell and Organ Engineering   Cell and Organ Regeneration                      |                                    |
| 11.00-12.40  | 4 Speakers (25 Mins Each)          |
| Lunch Break @ 12.40-13.30  |                                    |
| Sessions: Tissue Science and Engineering   Tissue Repair and Regeneration   Cancer Cell Biology   Advancement in Cancer Treatments |                                    |
| 13.30-15.35  | 5 Speakers (25 Mins Each)          |
| Refreshments and Networking Break @ 15.35-15.50  |                                    |
| Sessions: Stem Cells and its Applications   Biomaterial and Bioengineering   Biobanking   Epigenetics and Epigenome                |                                    |
| 15.50-17.30  | 4 Speakers (25 Mins Each)          |
| Day 2 March 12, 2019   |                                    |
| Keynote Session  |                                    |
| 09.15-09.15  | 2 Keynote Speakers ( 30 Mins Each) |
| Panel Discussions/Group Photo  |                                    |
| Refreshments and Networking Break @ 10.15-10.35  |                                    |
| Sessions: Artificial Organs   Tissue Culture and Preservation   Regenerative Medicine   Anti-Aging Medicine                        |                                    |
| 10.35-12.40  | 5 Speakers (25 Mins Each)          |
| Lunch Break @ 12.45-13.30  |                                    |
| Sessions: Precision Medicine   Translational Medicine   Vitrification   Ethical Issues and Marketing Status Around the Globe       |                                    |
| 13.30-15.35  | 5 Speakers (25 Mins Each)          |
| Refreshments and Networking Break @ 15.30-15.45  |                                    |
| 15.45-16.45  | Poster Presentation                |
| <b>NOTE: Program Schedule is subject to change with final allotment of the speaker slots</b>                                       |                                    |

**Note:** Workshops and Symposia slots are available. To book slot for Workshop and Symposium send us the proposal

# Tentative Program

## Major Scientific Sessions

- Cell Biology
- Cell and Organ Engineering
- Tissue Science and Engineering
- Cancer Cell Biology
- Stem Cells and its Applications
- Biobanking
- Artificial Organs
- Regenerative Medicine
- Precision Medicine
- Vitrification
- Cellular and Gene Therapy
- Cell and Organ Regeneration
- Tissue Repair and Regeneration
- Advancement in Cancer Treatments
- Biomaterial and Bioengineering
- Epigenetics and Epigenome Analysis
- Tissue Culture and Preservation
- Anti-Aging Medicine
- Translational Medicine
- Ethical Issues & Market Status Around the Globe

*For Detailed Session & Sub-Session, Kindly Visit:*

# Tentative Program

## Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research.
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement.
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

## Young Researchers Forum

- Present your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegian interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors

## About Singapore

**Singapore**, an island nation in Southeast Asia lies one degree (137 kilometers (85 mi)) north of the equator, at the southern tip of the Malay Peninsula, with Indonesia's Riau Islands toward the south and Malaysia toward the north. Singapore's region comprises of one primary island alongside 62 different islets. Singapore is a worldwide trade, back and transport center. Singapore is a restorative tourism center; nearly around 200,000 outsiders look for therapeutic care every year. The city features mainly incorporate Gardens by the Bay, Merlion Park, Singapore Flyer, Universal Studios Singapore, Buddha Tooth Relic Temple, Masjid Sultan, Singapore Zoo and Underwater World.

The high rises and metros of a cutting edge, rich city with a mixture of Chinese, Malay and Indian impacts and a tropical atmosphere, with delectable nourishment, great shopping and a dynamic night-life scene make an extraordinary stopover to the area. The decent variety of nourishment is touted as motivation to visit the nation, and the assortment of sustenance speaking to various ethnicities is seen by the legislature as an image of its multiculturalism.

A tropical rainforest atmosphere is found in Singapore with no separate seasons, uniform temperature and weight, high stickiness, and plenteous precipitation. Temperatures extend from 22 to 35 °C (72 to 95 °F). While temperature does not fluctuate incredibly consistently, there is a wetter storm season from November to January. The normal temperature in the long stretch of August is 24 °C to 30 °C.

## Singapore City Attractions

The body symbolises Singapore's humble beginnings as a fishing village when it was called **Temasek**, meaning 'sea town' in Old Javanese. Its head represents Singapore's original name, Singapura, or 'lion city' in Malay. Today, you can glimpse this legend at Merlion Park. Spouting water from its mouth, the Merlion statue stands tall at 8.6 metres and weighs 70 tonnes.

**Singapore Flyer** is basically an observation wheel which surges 165 metres and it is Asia's largest giant wheels. At the flyer, you can get insight of the technology behind the wheel and also get a sneak peek into the history and evolution of Singapore. This ride can brush your knowledge and thus, it is the best attraction for kids.

**Gardens by the Bay** will take you to an imaginative place and it is a tourist hot-spot for all the good reason. The Marina Bay holds amazing Supertree Grove and it is comeliest at night. It gives an impression of being in an imaginative place with all sorts of attractions to visit such as Flower Dome and Cloud Forest which gives an eye-popping sight to the spectators. The Gardens by the Bay complex is divided into three bays – central, east and south. Thankfully, it contains a promenade where you can stop for a coffee or dine when the tour gets tiresome.

**Clarke Quay** is a nightlife destination in Singapore that is packed with food joints, loud pubs, rooftop bars and spirited discotheques. This place is thriving with madness and enjoyment and a lot of travellers' even locals consider this hotspot to spend an eventful evening. As you stroll along side the buzzing streets, prepare to get dazed with all the neon lights, delicious food, and reflection of the skyscrapers on the glittering Singapore River. Clarke Quay also has something for the adventure buffs, bungee jumping at 'G-Max Reverse Bungy' will thug your heart as you soar 60 feet into the air at a speed of 200 km/hour.

## Registration Details

Registration Fee:

Academic Only Registration: \$699

Business Only Registration: \$799

Young Researchers Forum: \$499

Student Oral: \$399

We will also provide accommodation at lowest price, kindly visit our registration page for prices.

Special group discounts are also available.

For more details on discount, contact the Program Manager @  
[celltissuescience@geneticsmeetings.com](mailto:celltissuescience@geneticsmeetings.com)

## Payment Modes

Attendees can register for the conference through our online registration portal

Link: <https://tissuesciencecongress.conferenceseries.com/registration.php>

For invoice and bank transfer kindly send us a mail to our Program Manager @
