Invitation

Chemical Engineering 2018

Vancouver
Canada
SEPTEMBER 17-18
2018

Dear Attendees,

By following the successful campaign of “**Chemical Engineering 2017**” Conference Series LLC Ltd is very delighted to Organize the **4th International Conference on Chemical Engineering** during **September 17-18, 2018** at **Vancouver, Canada** which includes prompt keynote presentations, Oral talks, Poster presentations and Exhibitions.

On this propitious moment, we invite all the global participants to join us at Vancouver, Canada for “**Chemical Engineering 2018**”. The main theme of the conference is “**Let us ignite new thoughts in Chemical Engineering for future solutions**” with an objective to encourage young minds and their research abilities by providing an opportunity to meet the experts in the field of Chemical Engineering.

Chemical Engineering 2018 anticipates more than 350 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related Conference Series LLC Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists and industrial professionals.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

We look forward to personally welcoming you to **Vancouver during September 2018**.

Sincerely,
Chemical Engineering 2018
Organizing Committee

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+  Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Chemical Engineering 2018

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

About Conference

Chemical Engineering 2018

SEPTEMBER 17-18
2018

Chemical Engineering 2018 Conference website is attracting 25000+ Metallurgists, nanotechnology online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series LLC Ltd Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Chemical Engineering 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

Purpose

4th International Conference on Chemical Engineering is an arena for interdisciplinary exchange among professionals in the fields of Chemical, Petroleum, Polymers and many more.

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience

Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Chemical Engineering present the most recent research findings, and promote and enhance scientific collaborations around the world

Bringing together the researchers, engineers, environmentalist and delegates from petroleum, chemical and refinery fields to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to make chemical engineering for a sustainable future.

Objectives

After participating in this meeting, attendees should be able to

Discuss emerging issues in Chemical Engineering

Discuss and apply recent research findings related to Chemical Engineering

Reflect on the place of critical distance in Chemical Engineering

Who should attend

4th International Conference on Chemical Engineering is exclusively designed for Chemical Engineers, Chemists, Chemical Industry experts, Chemical engineering Associations and Societies, Biochemical engineers, Polymer engineers, Petroleum Companies and others engaged in endeavours related to Chemical Engineering research and business.

About hosting organization

Conference Series LLC Ltd is the world's leading specialist in [organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions](#) in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in Canada, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by 

Major sessions

- Chemical Engineering
- Electrochemistry and Electrochemical Engineering
- Petroleum Refining and Petrochemicals
- Applications of Chemical Technology
- Biochemical Engineering
- Chemical Polymer Technology
- Biofuels
- Organic Chemistry
- Thermodynamics
- Biomolecular Engineering
- Environmental and Sustainable Chemical Engineering
- Crystallization
- Chemical Reaction Engineering
- Advances in Renewable Chemicals
- Chemical Industry and Market Analysis
- Unit Operations and Separation Processes

About Vancouver

Vancouver
Canada

2018

Vancouver is a coastal seaport city in Canada, located in the Lower Mainland region of British Columbia. As the most populous city in the province, the 2016 census recorded 631,486 people in the city, up from 603,502 in 2011. The Greater Vancouver area had a population of 2,463,431 in 2016, making it the third-largest metropolitan area in Canada. Vancouver has the highest population density in Canada with over 5,400 people per square kilometre, which makes it the fourth-most densely populated city with over 250,000 residents in North America behind New York City, San Francisco, and Mexico City according to the 2011 census. Vancouver is one of the most ethnically and linguistically diverse cities in Canada according to that census. 52% of its residents have a first language other than English. Vancouver is classed as a Beta global city.

Vancouver is consistently named as one of the top five worldwide cities for liveability and quality of life, and the Economist Intelligence Unit acknowledged it as the first city ranked among the top-ten of the world's most well-living cities for five consecutive years. Vancouver has hosted many international conferences and events, including the 1954 British Empire and Commonwealth Games, UN Habitat I, Expo 86, the World Police and Fire Games in 1989 and 2009 and the 2010 Winter Olympics and Paralympics which were held in Vancouver and Whistler, a resort community 125 km (78 mi) north of the city. In 2014, following thirty years in California, the TED conference made Vancouver its indefinite home. Several matches of the 2015 FIFA Women's World Cup were played in Vancouver, including the final at BC Place.
