Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster.
- Judges will even evaluate the student’s enthusiasm towards their study, interest and knowledge in the area of their research.
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement.
- Apart from the judging time you may also be present at the poster to share your research with interested delegates.

Young Researchers Forum

- Present your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.

Zurich has an exceptional position in Switzerland. It is the biggest national city and home to a globally presumed monetary focus and additionally being the concentration of a financial locale which goes about as the engine of Switzerland, and alongside Geneva is the most critical door to the nation.

The wide assortment of social exercises and instructive establishments characterize Zurich’s character as a various, open city with an energy forever. Zurich is the capital of the canton of a similar name and the focal point of various districts which together have somewhere in the range of 1.9 million residents. It is celebrated for its lakeside area and green, thickly lush chain of slopes which gone through the city from north to south.

Zurich’s place on the world stage does not descend to its size but rather to its solid worldwide systems. The elevated expectations of living, working and convenience are routinely affirmed in overviews of the neighborhood occupants, and Zurich reliably ends up at the highest point of universal rankings of urban communities as far as personal satisfaction.
