Chromatography Techniques-2023

Major Sessions

- Major Chromatographic Techniques
- Advances in Chromatography Instrumentations
- Chromatography & Mass Spectrometry
- Chromatography in Pharmacy & Pharmaceutical
- Chromatography in Food Science Technology
- Biochemical Applications of Chromatography
- HPLC Fingerprinting in Bioinformatics & Computational Biology
- Analytical & Bio-analytical Applications of Chromatography
- Chromatography in Bio-Medical Research
- Hyphenated Chromatography Methods
- Chromatography as Separation Technique
- High Efficiency & High Resolution Techniques
- Method Development & Validation
- Recent Advances in Chromatography
- Chip Based Chromatography Separations
- Market growth of Chromatography
- Chromatography in Environmental Sciences

City of Attraction

Chromatography Techniques-2023

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors
