# Invitation...

**Dear Colleagues,**

Conference Series Ilc Ltd. LLC extends its welcome to 15th International Conference on Alternative Medicine during December 9-10, 2019, Bangkok, Thailand with a theme "Scrutinize the research advances in treatment and Natural healing". Conference Series Ilc Ltd through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community.

- Climate and Energy Policy
- Climate change and Climatology
- Global Warming Effects and Causes
- Ecosystems and Ecology
- Climate Change and Coastal Stressors
- Green Initiatives, Products and Climate Change
- Climate and Energy Policy
- carbon Cycle
- Climate and Energy Policy
- Sustainability and Climate Change
- Renewable Energy to Mitigate Climate Change
- Climate disasters or climate hazards
- Carbon Capture and Sequestration
- Effective Adaptation
- Climate and Energy Policy
- Climate Change Solutions
- Greenhouse Gases
- Climate Change Economics
- Climate Refugees

# Program at Glance

## Day-01 December 03, 2019

| Time        | Session                                                                                                        |
|-------------|----------------------------------------------------------------------------------------------------------------|
| 08:30-09:30 | Registrations                                                                                                  |
| 09:30-11:30 | Keynote Forum                                                                                                  |
|             | Group Photo                                                                                                    |
| 11:30-11:45 | Network & Refreshments Break                                                                                   |
| 11:45-13:00 | Climate and Energy Policy   Climate change and Climatology   Global Warming Effects and Causes                 |
| 13:00-13:45 | Lunch Break                                                                                                    |
| 13:45-16:00 | Ecosystems and Ecology   Climate Change and Coastal Stressors   Green Initiatives, Products and Climate Change |
| 16:00-16:15 | Network & Refreshments Break                                                                                   |
| 16:15-18:00 | Climate and Energy Policy   Carbon Cycle   Climate and Energy Policy   Sustainability and Climate Change       |

Day Concludes

## Day-02 December 04, 2019

| Time        | Session                                                                            |
|-------------|------------------------------------------------------------------------------------|
| 08:30-09:30 | Registrations                                                                      |
| 09:30-10:30 | Renewable Energy to Mitigate Climate Change   Climate disasters or climate hazards |
| 10:30-11:30 | Carbon Capture and Sequestration   Effective Adaptation                            |
| 11:30-11:45 | Network & Refreshments Break                                                       |
| 11:45-13:00 | Climate and Energy Policy   Climate Change Solutions                               |
| 13:00-13:45 | Lunch Break                                                                        |
| 13:45-16:00 | Greenhouse Gases   Climate Change Economics   Climate Refugees                     |
| 16:00-16:15 | Network & Refreshments Break                                                       |
| 16:15-18:00 | Poster Presentations                                                               |

# *City Attractions*

# Venue

London is the political, economic and cultural capital of England, and its world category tour attractions are known across the world. It is a leading Global City. London is considered as a world cultural capital. It is the world's most-visited city as measured by international arrivals. The Greater London space is exploding with attractions for guests of all ages. Historic gardens, historic buildings, museums, London Bridge, Palace and The London eye. The Roman engineers referred the town as Londinium on the Thames River within the year AD 43. The town was attacked and destroyed. Then the Romans restored the city as London. The name Londinium then 'London' came from the Indo-Hittite of the traditional Britons within the year AD 61. London is the center of the planet – and a world in one town, with a wealth of various cultures and communities across the capital, there are three hundred languages and culinary art from over seventy countries. Whereas English is the official language, many European languages are terribly wide spoken in and around London. Given the scale of the massive doctrine population, several different languages are utilized in standard of living.
