Venue

Bangkok, Thailand

Important Dates

Abstract submission opens: October 01, 2018

Registration opens: October 01, 2018

Accommodation

A large number of rooms have been reserved. Discounted room rates for Climate Congress 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Climate Congress.

About Bangkok

Friendly and fun-loving, cultured and historic, from its glittering temples and its beaches throughout. Bangkok formerly derived its wealth from tin and rubber and enjoyed a rich and colorful history. The island was on one of the major trading routes between India and China which was frequently mentioned in foreign trader's ship logs. Bangkok offers a rainbow spectrum of spectacular holiday sights from blue lagoons and pink sunsets to orange-robed monks. Bangkok's south coast offers its most popular beaches. The north is more tranquil. Koh Phi Phi, Phang Nga Bay and Patong Beach are popular spots. Diving, snorkeling, wind surfing and sailing are just a few active options. Inland, forested hills, mountains and cliffs wait to be explored. There are several small beautiful islands around Bangkok such as Phang-nga bay, Phi-Phi island, Khai island, Racha island, Hae island or Coral island, Maiton island.etc. It is possible to charter boat to those islands from Rassada pier or Chalong pier.
