# Welcome Message

**Dear Colleagues,**

On behalf of the Conference Series Organizing Committee, I extend a warm welcome to all of the distinguished speakers and participants of the 23th World Congress of Cardiology which is going to be held during March 19-20, 2018 in Hong Kong. Building on the success of the preceding meetings, this Conference will feature a highly interactive, stimulating program on new well selected aspects of Cardiology to address the entire patient-physician pathway and to look beyond the scientific topics alone.

Our aim is to bring jointly the great minds to give talks that are research-focused on a wide choice of topics to encourage learning, inspiration and provoke conversations that matters. This Conference has been designed to provide an innovative and comprehensive overview of the latest research developments in all aspects of Cardiology.

The Congress will provide enough duration for one to one as well as for group discussions, to provide a close contact between speakers and attendees. Many renowned professionals of Cardiology will be a part of this Congress. Papers will include superb scientific and clinical material that was carefully selected by the Review Committee.

We hope that you will enjoy the Congress and that your interaction with your colleagues from different region of the world will stimulate a productive exchange of innovative ideas and will be personally rewarding.

We are looking forward to see you in Hong Kong.

Cheers,

**Guy Hugues Fontaine**

**Professor, Universite Pierre et Marie Curie, France**

Skyline

Hong Kong has created from a little angling town in the 1800s into a dynamic and exciting 21st century cosmopolitan city. It is a clamoring seaside city loaded with noteworthy elevated structures, and a combination of eastern and western societies. It gladly declares itself to be 'Asia's World City' and remains a key door to China.

Hong Kong is without a doubt one of the busiest intersections amongst China and whatever is left of the world for business voyagers. Aside from gatherings and meetings, it is likewise a best visitor goal in Asia with its draw of shopping and plenty of feasting choices. However Asia's worldwide city is something other than gatherings, nourishment and shopping. It's geology and special mix of East and West introduces a smorgasbord of Chinese conventions and traditions, amusement parks, neighborhood food and verdant wide open to excite the guest for a considerable length of time.

It was viewed as the world's best goal for relaxation guests and gatherings in 2012. Hong Kong was voted the "Best FIT Destination of the Year" in the China Travel and Meeting Industry Awards 2012 sorted out by travel magazine Travel Weekly. It was additionally named the "Best City for MICE Events" in the 2012 Industry Awards composed by CEI Asia Pacific magazine.

It is comprised of four sections: Hong Kong Island, Kowloon Peninsula, the New Territories and the Outlying Islands. The prosperous island is the focal point of economy, legislative issues, amusement and shopping with its southern part noted for ocean shores and inlets. Kowloon is another prospering part where Tsim Sha Tsui, Yau Ma Tei and Mong Kok are the most well known goals. The New Territories and Outlying Islands are perfect spots to encounter a serene and common occasion.
