# Opening Ceremony

## Keynote Forum

### Introduction

**Title: Need for patient registries for rare disease clinical trials and how to integrate them into the electronic medical record**

David A Pearce, Sanford Research, USA

**Title: Evolving visual analytics for better clinical decisions**

Dave Anderson, Syte Logix Inc., USA

### Group Photo

### Networking and Refreshments Break

**Title: Headache management in community pharmacies**

Edward M O'Sullivan, Cork University Hospital, Ireland

**Sessions: Clinical Research | Innovations in Pre-clinical Research | Design of Clinical Studies and Trials | Clinical Data Management and Statistics | Stem Cell & Oncology Clinical Research | Innovations in Clinical Trials | Clinical Trials on Different Diseases | Clinical Trials in Developing Countries | Bioethics and Quality Regulation**

Session Chair: Nicole Powell, Statistics and Data Corporation, USA

Session Co-chair: Tanguy Jerome, Nestle Research Center, Switzerland

### Session Introduction

### Special Session

**Title: Challenges in clinical nutritional research: How adaptive design can help?**

Tanguy Jerome, Nestle Research Center, Switzerland

Shein Chung Chow, Duke University School of Medicine, USA

### Session Introduction

**Title: National dermatology radiation oncology registry: A human research registry to collect information from patients referred to radiation oncologists for the management of non-melanoma and melanoma skin cancer and difficult to manage inflammatory skin diseases through radiotherapy**

Lynda Spelman, Veracity Clinical Research, Australia

### Lunch Break

**Title: Evaluation of Swedish integrated electronic health records and register health care data to serve as a reference population in severe asthma clinical trials: The PACEHR study**

Stefan Franzen, Centre of Registers Västra Götaland, Sweden

**Title: The importance of choosing the right partners and technologies to create the most efficient clinical trials**

Nicole Powell, Statistics and Data Corporation, USA

**Title: Pseudogenes contribute to salmonella typhi pathogenesis in humans**

Guido C Mora, Universidad Andres Bello, Chile

**Title: Clinical research in Mauritius: Myths and reality**

Mona Dawood, Centre International de Développement Pharmaceutique, Mauritius

**Title: The possibility of the use of single Institutional Review Board (IRB) for multi-site research in China**

Shuo Chen, Institute of Hematology and Blood Diseases Hospital – CAS, China

**Title: Usage of herbal medicines in older adults in Singapore**

Chay-Hoon Tan, National University of Singapore, Singapore

### Networking and Refreshments Break

**Title: LPS induces HUVEC angiogenesis *in vitro* through miR-146a-mediated TGF- $\beta$ 1 inhibition**

**Yize Li**, Fourth Military Medical University, China

**Title: Muller's manoeuvre, potential non-pharmacological bronchodilator relevance in clinical trials**

**Khalid Abou Farha**, Celerion, Clinical Pharmacology Research Centre, UK

**Title: Effects of hesperidin supplementation on weight, glycemic control, lipid profile and inflammatory factors in patients with type 2 diabetes: A randomized, double-blind and clinical trial placebo-controlled**

**Shahryar Eghtesadi**, Azad University Science and Research Branch, Iran

## Panel Discussion

**Day 2 September 21, 2017**

**Redwood Suite A**

## Keynote Forum

### Introduction

**Title: Integrating patient generated and 3<sup>rd</sup> party data into clinical research**

**Dave Anderson**, Syte Logix Inc., USA

**Title: Clinical trials in cystic fibrosis patients; does tachycardia matter?: A case report**

**Khalid Abou Farha**, Celerion, Clinical Pharmacology Research Centre, UK

### Networking and Refreshments Break

**Title: AWI002: Trials, tribulations and the value of persisting with non-drug related clinical trials – superfine merino wool base layer garments in atopic dermatitis**

**Lynda Spelman**, Veracity Clinical Research, Australia

**Sessions: Biomedical Devices Clinical Research | Clinical Trials in Developing Countries | Clinical Trials in Developing Countries | Design of Clinical Studies and Trials | Clinical Trials on Different Diseases**

**Session Chair: Victor George Aeby**, East Carolina University, USA

**Session Co-Chair: Tracy Carpenter-Aeby**, East Carolina University, USA

### Session Introduction

### Special Session

**Title: The evolution of psychopathology in social work**

**Victor George Aeby**, East Carolina University, USA

**Tracy Carpenter-Aeby**, East Carolina University, USA

### Session Introduction

**Title: Intravitreal bevacizumab compared with diode laser in stage 3 posterior retinopathy of prematurity: A 5 year follow up**

**Sarah Moran**, Childrens University Hospital, Ireland

### Lunch Break

## Poster Presentations

**Poster Judge: Guido C Mora**, Universidad Andres Bello, Chile

**Title: Re-thinking a confirmatory study as adaptive using predictive probability approach and quantile regression models; its application in clinical trials with CIMAvax-EGF® in non-small cell lung cancer**

**Carmen Valenzuela**, Centro de Inmunología Molecular, Cuba

**Title: Conducting a clinical trial in Mauritius: Legal, regulatory and ethical frameworks**

**Mona Dawood**, Centre International de Développement Pharmaceutique, Mauritius

**Title: Development of a generic drug with different pharmaceutical features: A study of the therapeutic equivalence of mometasone nasal spray in patients with seasonal allergic rhinitis (Japanese cedar pollinosis)**

**Minoru Gotoh**, Nippon Medical School, Japan

### Session Introduction

**Title: Encouraging oral analgesia in the fasted child attending a trauma review clinic**

**Louise Fitzgerald**, Our Lady's Children's Hospital Crumlin, Ireland

**Title: The Relationship between urinary tract infection and vesicoureteral reflux in children from Eastern Galilee Region-Israel**

**Wael Nasser**, Baruch-Padeh Poriya Medical Center, Israel

## Young Researchers Forum

**Title: Effect of estradiol and progesterone on ovine amniotic epithelial cells**

**Hashimita Sanyal**, University College Dublin, Ireland

**Title: The mindfulness app study for weight management, weight related behaviour, and stress in university students: A randomized controlled trial**

**Lynnette Lyzwinski**, University of Queensland, Australia

**Title: Design of clinical trials of effect on whether preserve Left Colonic Artery (LCA) on the prognosis of patients with laparoscopic resection of Inferior Mesenteric Artery (IMA) in rectal cancer**

**Wenqing Feng**, Shanghai Jiaotong University School of Medicine, China

**Networking and Refreshments Break**

**Title: Effectiveness of Chinese acupuncture on pain relief following surgical removal of impacted third molars: A self-controlled clinical trial**

**Joul Kassis**, Damascus University, Australia

**Title: Differentiation between benign and malignant rectal tumors by dual energy CT; A pilot study**

**Anders Hoegh**, Odense University Hospital, Denmark

**Title: Understanding of study endpoints for successful completion of clinical trials**

**Madhura Joshi**, Lupin Bioresearch Center, India

**Title: Factors affecting patient participation in clinical trials in Ireland: A narrative review**

**Elaine Walsh**, University College Dublin, Ireland

**Awards & Closing Ceremony**

**Bookmark your dates**

7<sup>th</sup> International Conference on

**ADVANCED CLINICAL RESEARCH AND CLINICAL TRIALS**

September 10-11, 2018 | Switzerland
