## Venue

Brisbane, Australia

## Important Dates

Abstract submission opens: June 01, 2018

Registration opens: June 01, 2018

Early bird registration: July 23, 2018

On spot registration: May 06, 2019

## Accommodation

A large number of rooms have been reserved. Discounted room rates for Clinical Trials Congress 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of all the advancements in the field of Clinical Trials and Clinical Research.

## About Brisbane

Brisbane is the sophisticated capital city of Queensland. Brisbane is one of the fastest-growing capital cities in Australia in terms of population and employment. Their residents are young and skilled, highly educated and culturally diverse. A river curving and curling its way around the landscape makes Brisbane one of the most unique capital cities in Australia. Brisbane is the third largest city in Australia after Sydney and Melbourne. It is a well-structured city with sumptuous parks, well-equipped public libraries, clean streets, fresh and exciting atmosphere while having a relaxing pace. Rain is rare in the city of sunny days, the only region with subtropical weather in Australia. This allows its residents to practice much outdoor sports. Brisbane's city center is a charming piece, full of cafes, restaurants (that serve foods from different nationalities), fashion shops, entertainment, amazing gardens and park drawing harmoniously the city.

If you are thinking of spending your holidays, then Brisbane in Australia is the place you must visit. In 2019 this beautiful city will be hosting the combo of Clinical Trials Conference and Clinical Research Conference as 6th World Congress on Advanced Clinical Trials and Clinical Research. Come be a part of this scientific extravaganza.
