Conferenceseries.com

Scientific Program

3rd International Conference on

CENTRAL NERVOUS SYSTEM DISORDERS AND THERAPEUTICS

October 02-03, 2017 Vienna, Austria

UK: Conference Series IIc LTD

47 Churchfield Road, London, W3 6AY Toll Free: +0-800-014-8923

Scientific Program

Day 1 October 02, 2017

09:15-09:45 Registrations

Conference Hall: Fleming's 9

conferenceseries.com 09:45-10:15

Opening Ceremony

Welcome Speech 10:15-10:45 Michael Binder Medical Director Vienna Hospital Association, Austria Keynote Forum Title: The use of multislice CT angiography in the surgical treatment of ruptured intracranial aneurysms Dionisis Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Networking and Refreshments Break 11:30-11:50 @ Foyer Title: Neuroinflammation: Prodrome of neurological and neurodegenerative diseases Antonio Scilimati, University of Bari, Italy Title: Pseudobulbar affect, cognitive dysfunction and depression in poorly controlled diabetes Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhobi, UAE Lunch Break 13:20-14:10 @ Flemings Restaurant Sessions: CNS Disorders Neurosurgery Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction Title: Challenges in awake craniotomy for intrinsic brain tumors in elaquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Chair: Antonio Scilimati, University of Bari, Italy Session Chair: Antonio Scil										
Keynote Forum Title: The use of multislice CT angiography in the surgical treatment of ruptured intracranial aneurysms Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Networking and Refreshments Break 11:30-11:50 @ Foyer Title: Neuroinflammation: Prodrome of neurological and neurodegenerative diseases Antonio Scilimati, University of Bari, Italy 12:35-13:20 Title: Seudobulbar affect, cognitive dysfunction and depression in poorly controlled diabetes Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Lunch Break 13:20-14:10 @ Flemings Restaurant Sessions: CNS Disorders Neurosurgery Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction 14:10-14:40 Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and n-k-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Maurifius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	Welcome Speech									
Title: The use of multislice CT angiography in the surgical treatment of ruptured intracranial aneurysms Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Networking and Refreshments Break 11:30-11:50 @ Foyer Title: Neuroinflammation: Prodrome of neurological and neurodegenerative diseases Antonio Scilimati, University of Bari, Italy Title: Pseudobulbar affect, cognitive dysfunction and depression in poorly controlled diabetes Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Lunch Break 13:20-14:10 @ Flemings Restaurant Sessions: CNS Disorders Neurosurgery Neurosurgery Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Session Co-chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Sogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	10:15-10:45									
Title: The use of multislice CT angiography in the surgical treatment of ruptured intracranial aneurysms Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Networking and Refreshments Break 11:30-11:50 @ Foyer Title: Neuroinflammation: Prodrome of neurological and neurodegenerative diseases Antonio Scilimati, University of Bari, Italy Title: Pseudobulbar affect, cognitive dysfunction and depression in poorly controlled diabetes Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Lunch Break 13:20-14:10 @ Flemings Restaurant Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Chair: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in raf's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Chair: Antonio Scilimati, University of Redical University, Ukra	10.110	Medical Director Vienna Hospital Association, Austria								
10:45-11:30 Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Networking and Refreshments Break 11:30-11:50 @ Foyer Title: Neuroinflammation: Prodrome of neurological and neurodegenerative diseases Antonio Scilimati, University of Bari, Italy Title: Pseudobulbar affect, cognitive dysfunction and depression in poorly controlled diabetes Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Lunch Break 13:20-14:10 @ Flemings Restaurant Sessions: CNS Disorders Neurosurgery Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction 14:10-14:40 Title: Challenges in awake craniotomy for intrinsic brain tumors in elaquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran		Keynote Forum								
Networking and Refreshments Break 11:30-11:50 @ Foyer Title: Neuroinflammation: Prodrome of neurological and neurodegenerative diseases Antonio Scilimati, University of Bari, Italy Title: Pseudobulbar affect, cognitive dysfunction and depression in poorly controlled diabetes Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Lunch Break 13:20-14:10 @ Flemings Restaurant Sessions: CNS Disorders Neurosurgery Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurrl/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Co-chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran										
Title: Neuroinflammation: Prodrome of neurological and neurodegenerative diseases Antonio Scilimati, University of Bari, Italy 12:35-13:20 Title: Pseudobulbar affect, cognitive dysfunction and depression in poorly controlled diabetes Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Lunch Break 13:20-14:10 @ Flemings Restaurant Sessions: CNS Disorders Neurosurgery Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	10:45-11:30	·								
Title: Neuroinflammation: Prodrome of neurological and neurodegenerative diseases Antonio Scilimati, University of Bari, Italy Title: Pseudobulbar affect, cognitive dysfunction and depression in poorly controlled diabetes Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Lunch Break 13:20-14:10 @ Flemings Restaurant Sessions: CNS Disorders Neurosurgery Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction Title: Challenges in awake craniotomy for intrinsic brain tumors in elaquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kkb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran										
Antonio Scilimati, University of Bari, Italy 12:35-13:20 Antonio Scilimati, University of Bari, Italy Title: Pseudobulbar affect, cognitive dysfunction and depression in poorly controlled diabetes Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Lunch Break 13:20-14:10 @ Flemings Restaurant Sessions: CNS Disorders Neurosurgery Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran										
Title: Pseudobulbar affect, cognitive dysfunction and depression in poorly controlled diabetes Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Lunch Break 13:20-14:10 @ Flemings Restaurant Sessions: CNS Disorders Neurosurgery Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction 14:10-14:40 Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurrl/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	11:50-12:35									
Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Lunch Break 13:20-14:10 @ Flemings Restaurant Sessions: CNS Disorders Neurosurgery Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction 14:10-14:40 Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Co-chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran										
Lunch Break 13:20-14:10 @ Flemings Restaurant Sessions: CNS Disorders Neurosurgery Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction 14:10-14:40 Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Co-chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	12:35-13:20									
Sessions: CNS Disorders Neurosurgery Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction 14:10-14:40 Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	12.00	·								
Session Chair: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction 14:10-14:40 Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran										
Session Co-chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Introduction 14:10-14:40 Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran										
Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran										
Title: Challenges in awake craniotomy for intrinsic brain tumors in eloquent cortex Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	Session Co-cii									
Debabrata Mukhopadhyay, Kailash Group of Hospitals, India Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Session Conchair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran										
Title: Pyrethroid bifenthrin induces neuronal damage, cognitive impairment associated with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	14:10-14:40									
with oxidative damage in rat's hippocampus: Possible involvement of Nurr1/Nrf2 and nf-kb pathways Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran										
Brahim Gargouri, University of Freiburg Medical School, Germany Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	14 40 15 10									
Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	14:40-15:10	nf-kb pathways								
Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran		Brahim Gargouri, University of Freiburg Medical School, Germany								
Ameenah Sorefan, Alzheimer Association, Mauritius Session Discussion Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	15.10-15.40	Title: Dementia in Mauritius- Starting an early dementia diagnosis clinic								
Networking and Refreshments Break 15:40-16:00 @ Foyer Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	15.10-15:40	Ameenah Sorefan, Alzheimer Association, Mauritius								
Sessions: Cognitive Neurology Case Reports Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran		Session Discussion								
Session Chair: Antonio Scilimati, University of Bari, Italy Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Session Introduction Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran		Networking and Refreshments Break 15:40-16:00 @ Foyer								
Session Co-chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE Title: Reactive cuprizone-induced changes in neurons of central nervous system, behavioral reactions and its recovering after influence of leukemia inhibitory factor in mice of different ages Melnyk Nataliia O, O O Bogomolets National Medical University, Ukraine Title: Neuroprotective effect of exogenous melatonin on the noradrenergic neurons of adult male rats' locus coeruleus nucleus following REM sleep deprivation Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran	Sessions: Cog	nitive Neurology Case Reports

Conference Hall: Fleming's 9

Keynote Forum

10:15-11:00

Title: Multiple sclerosis, corpus callosum & bediside test

Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom

Networking and Refreshments Break 11:00-11:20 @ Foyer

11:20-12:05

Title: Metabolism of myelin in health and pathology

Alessandro Morelli, University of Genoa, Italy

Sessions: Neurobiology of CNS | Clinical Trials in CNS

Session Chair: Khin Bo Maung, Northern Lincolnshire and Goole NHS Foundation Trust, United Kingdom Session Co-Chair: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE

Session Introduction

12:05-12:35

Title: Neuromyelitis optica: A case report

Abdel Wahhab O Gh, V N Karazin Kharkiv National University, Ukraine

Title: Effects of 660 nm low-level laser therapy on P2X3 expression of lumbar DRG of

P5

12:35-13:05 adult male rats with neuropathic pain

Seyed Behnamedin Jameie, Iran University of Medical Sciences, Iran

Session Discussion

Lunch Break 13:05-14:00 @ Flemings Restaurant

Poster Presentations 14:00-15:00

Poster Judge: Hanan Sheikh Ibrahim, Cleveland Clinic Abu Dhabi, UAE

Poster Judge: Dionisio Figueiredo Lopes, Hospital de Urgencia Otavio Lage, Brazil

Title: Neuromyelitis optica: A case report **P1**

Delich Olena, V N Karazin Kharkiv National University, Ukraine

Title: Protective effect of histidine on para-nonylphenol enhances 1-methyl-4-

phenylpyridinium ion-induced hydroxyl free radical generation in rat striatum **P2**

Toshio Obata, Osaka Aoyama University, Japan

Title: ARE-binding factors TTP and HUR reveal antagonistic relationships within glioma-

related gene networks **P3**

Dmitryi Chistyakov, A N Belozersky Research Institute of Physico-Chemical Biology MSU, Russia

Title: Astroglial cell cultures do not produce resolvin D1 in course of LPS-induced response **P4**

Dmitryi Chistyakov, A N Belozersky Research Institute of Physico-Chemical Biology MSU, Russia

Title: Benzimidazoles as epigenetic regulators of PRC2 protein complex with dual action

as anti-tumor and nerve regenerators: Synthesis and molecular modeling Study

Hoda Azmy, Mansoura University, Egypt

Title: Aquatic physical activity alters plasmatic BDNF levels in individuals with Parkinson's disease **P6**

Silvia Da Silva, Centro Universitário Metodista-IPA, Brazil

Title: Experiences of PTSD from traumatic incidents: A paradigm model from qualitative research **P7**

Yun Jung Choi, Chung-Ang University, South Korea

Title: Glioblastoma multiforme: An advanced analysis of 153 patients and review of the literature **P8**

Mohammad Sadegh Nikdad, Tehran University of Medical Sciences, Iran

Awards & Closing Ceremony
