About Tokyo, Japan

Tokyo is the Capital city of Japan. It is a metropolitan prefecture combining both the elements of a city and a prefecture, a characteristic unique to Tokyo. The Tokyo Metropolitan Government administers the 23 Special Wards of Tokyo and Central wards of Tokyo include Chiyoda, Chuo and Minato. Chiyoda Ward is unique and is heart of the former Tokyo City, yet is one of the least populated wards and often called the political center of the country. Tokyo includes internationally famous forms of modern architecture and also features two distinctive towers: Tokyo Tower, and the new Tokyo Skytree.
