

Joint Event

2nd International Congress on

NOSOCOMIAL AND HEALTHCARE ASSOCIATED INFECTIONS

International Conference on

&

DECONTAMINATION, STERILIZATION AND INFECTION CONTROL

October 15-16, 2018 | Las Vegas, USA

Day 1 October 15, 2018

Conference Hall: Copa C

09:00-09:30 Registrations

09:30-09:45 Opening Ceremony

Keynote Forum

09:45-09:55 Introduction

09:55-10:45 **Title: Uniform films on 2D/3D surfaces/gadgets leading to quasi-instantaneous bacterial inactivation: A new route to reduce healthcare acquired infections**
Sami Rtimi, Swiss Federal Institute of Technology, Switzerland

Panel Discussion

Networking & Refreshment Break 10:45-11:00 @ Foyer

Group Photo 11:00-11:10

11:10-12:00 **Title: Prevention of contamination in pharmaceutical industry**
Melissa Stefko, Wells Pharmacy Network, USA

Workshop

12:00-13:00 **Title: Surgical site infection prevention**
Cheryl sharp, Texas Health Resources, USA

Panel Discussion

Lunch Break 13:00-14:00 @ Foyer

Sessions: Surgical Site Infection | Blood Stream Infections/Bacteraemia | Infection Prevention and Control | Antimicrobial/ Antibiotic/ Antibacterial Resistance | Healthcare-associated Infections | Pharmaceutical Microbiology

Session Chair: Sami Rtimi, Swiss Federal Institute of Technology, Switzerland

Session Co-chair: Hendrick Lukuke Mbutshu, University of Lubumbashi, Democratic Republic of Congo

Session Introduction

14:00-14:40 **Title: Central line blood stream infection (Clabsi): Armed forces hospital southern region**
Phyllis Hazel Twala, University of Stellenbosch, South Africa

14:40-15:20 **Title: Microbial ecology of hospital surfaces of maternities in the public hospitals of lubumbashi in the Democratic Republic of Congo**
Kaj Francoise Malonga, University of Lubumbashi, Democratic Republic of Congo

Video Presentation

15:20-15:50 **Title: Improving behaviour, knowledge and attitude in combating antimicrobial resistance across the surgical pathway**
Massimo Sartelli, Ancona University, Italy

Panel Discussion

Networking & Refreshment Break 15:50-16:10 @ Foyer

16:10-16:40 **Title: Healthcare associated infections: development of surgical site infections surveillance tool for low-and-middle-income-countries - Nigeria as a case study**
Samuel Sunday Taiwo, Ladoke Akintola University, Nigeria

Panel Discussion

Day 2 October 16, 2018

Conference Hall: Copa C

Keynote Forum

09:30-09:45 Introduction

09:45-10:35 Title: Concomitant pneumocystis and cytomegalovirus infections in immunocompromised patients: An under-explored but emerging infectious disease challenge

Mahboob Qureshi, Touro University Nevada, USA

Panel Discussion

Networking & Refreshment Break 10:35-10:55 @ Foyer

10:55-11:45 Title: Does surgical irrigation impact Surgical Site Infection?

Carolyn Twomey, Irrisep Corporation, USA

Sessions: Urinary Tract Infections | Emerging Infectious Diseases | Device-Associated Infections and Microbial Biofilms | Infection Prevention and Control | Nosocomial Infections

Session Chair: Sami Rtimi, Swiss Federal Institute of Technology, Switzerland

Session Co-chair: Hendrick Lukuke Mbutshu, University of Lubumbashi, Democratic Republic of Congo

Session Introduction

11:45-12:25 Title: Molecular detection of virulence factors in antibiotic resistant *enterococcus faecalis* from abattoir, poultry and clinic

Adetunji Kola Olawale, Afe Babalola University, Nigeria

12:25-13:05 Title: Nosocomial infections: A time bomb

Nabil El Hage Chehade, University of California, USA

Panel Discussion

Lunch Break 13:05-14:05 @ Foyer

Video Presentations

14:05-14:35 Title: Infection control: Through the barricades?

Paul J Caesar, Hospital Tjongerschans, Netherlands

14:35-15:05 Title: Factors affecting nosocomial infections in dialysis unit

Ashraf El Ghaname, Cairo university, Egypt

15:05-15:35 Title: Plasmid profile and curing of resistant bacteria isolated from the environment of two tertiary Hospitals in Calabar Metropolis, Nigeria

Clement Mbotu, University of Calabar, Nigeria

Networking & Refreshment Break 15:35-16:00 @ Foyer

Poster Sessions 16:00-16:40

Poster Judge: Kaj Francoise Malonga, University of Lubumbashi, Democratic Republic of Congo

P 01 Title: Influence of antibiotic consumption on the resistance of *Staphylococcus aureus* with an antimicrobial stewardship program in a tertiary hospital (2010-2016)

Di Zhang, Xi'an Jiaotong University, China

P 02 Title: Factors associated with associated infections surgical wounds

Hendrick Lukuke Mbutshu, University of Lubumbashi, Democratic Republic of Congo

Panel Discussion

Thanks Giving & Closing Ceremony
