Dental & Oral Care Congress
September 16-17, 2019 | Osaka, Japan

Theme: Novel Advancements in Dental and Oral Care

https://dentalcare.conferenceseries.com/
Dear Colleagues,

Conference Series LLC invites the participants from all over the world to attend 40th Asia Pacific Dental and Oral Care Congress to be held during September 16-17, 2019 at Osaka, Japan which includes prompt keynote presentations, Oral talks, Poster presentations and Exhibitions. The Theme of this conference is “Novel Advancements in Dental and Oral Care”. Dental Care 2019 provides a great platform by gathering eminent Dentists, Dental Hygienists, Dental Practitioners, Oral and Maxillofacial Surgeons, Dental Surgeons, Dental Health Specialists, Professors, Researchers, Dental Assistants, Dental Business Assistants, Students from Academia and other members of Dental Teams to exchange new ideas. The conference will cover a wide range of topics and allow participants to discuss about the dental health, oral care, dental implants, dental hygiene, cosmetic dentistry and dental ethics. Dental Care 2019 conference consists of Keynote and Plenary lectures, Special sessions (Workshop and Symposium), Young Researcher Forum and Poster presentations. Best poster presenters will be judged and awarded during the conference. To encourage broad participation from all over the world Conference Series LLC Ltd is offering reduced registration fee for students.

With Regards,

Dental Care 2019

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Dental Care, Oral Health and all subjects of Dentistry.

About Osaka, Japan
Japan known as “Land of Rising Sun” is an archipelago consisting of islands around eastern coast of Asia. Japan is a sovereign island country in East Asia. Situated in the Pacific Ocean, it lies off the eastern bank of the Asian terrain, and extends from the Sea of Okhotsk in the north toward the East China Sea and Taiwan in the southwest. The atmosphere of Japan is overwhelmingly temperate, yet shifts incredibly from north to south. Japan's topographical highlights separate it into six central climatic zones. In the Sea of Japan zone on Honshu's west Coast, northwest winter winds bring heavy snowfall. In the late spring, the locale is cooler than the Pacific region, however it in some cases encounters to a great degree hot temperature as a result of the foehn. Japan, rich as it is in both standard culture and specialized improvement attracted 19.73 million worldwide tourists in 2015 and expanded by 21.8% to attracted 24.03 million global visitors in 2016. Tourism from abroad is one of the few promising businesses in Japan. For inbound tourism, Japan was positioned sixteenth on the world in 2015.
