About Kyoto

Kyoto considered as heart and soul of traditional Japan, is what most people dream of when envisioning Japan. It is the former capital city and the emperor's residence from 794 until 1868 of Japan. Kyoto is a sophisticated blend of the ancient and the modern, an urban environment where museums, four-star restaurants and active entertainment venues flourish alongside temples, small shops and quiet neighborhoods. About 20% of Japan's National Treasures and 14% of Important Cultural Properties exist in the city proper. Home to 17 beautiful UNESCO World Heritage Site Historic Monuments of Ancient Kyoto (Kyoto, Uji and Otsu Cities) that include Uji in Kyoto Prefecture, and Ōtsu in Shiga Prefecture. Kyoto City attracts millions of local and international visitors each year looking for traditional Japanese culture. Kyoto's highlights include Fushimi Inari Shrine, the Gion geisha district, Arashiyama's bamboo forest and the historic Higashiyama District. Kyoto is also a culinary center, and for food lovers there is no better place to begin than "Kyoto's Kitchen," the colorful and boisterous Nishiki Market. Kyoto's magic is only a short bullet train ride from Tokyo.
