Invitation...

Dear Colleagues,

Conference Series LLC welcomes you to attend **International Conference on Dentistry & Oral Care** to be held from **April 16-18, 2018** in **Dubai, UAE** with the theme "**Bridging Excellence in Dental and Oral Care: A vision for Excellence**". This international meet (**Dentistry 2018**) provides the perfect platform for the scientific community as an interactive and engaging 3-day event: unique in format, content, networking and engagement. The event brings together truly innovative thinkers who are leading the way through trailing new disruptive solutions.

Dentistry 2018 will be an excellent learning, sharing and networking platform for Dentists, Dental Hygienists, Dental Assistants, Dental Business Assistants, Practice Managers and other members of the dental team's from the Asia-Pacific region and beyond. It will provide continuing education opportunities as well as world-class scientific content delivered by quality keynote speakers, with plenary sessions, symposia, hands-on workshops and exhibition.

We look forward to welcoming you to Dubai, UAE

With Regards,
Organizing Committee
Dentistry 2018

Why Dental Continuing Education?

Advances in innovation and technology are continually putting dental practitioners at risk of falling behind on the off chance that they don't keep up. As a dental practitioner, these consistent changes move you to learn better approaches to enhance patient care. Impart your new learning to your staff. Enlighten your patients regarding your dedication towards continuing education. Staying aware of progress and adapting new practice strategies prompts to individual and practice development. A commitment to continuing education is your best chance to not simply keep pace, but rather to develop.

Venue

Dubai is a city in the United Arab Emirates, located within the emirate. The emirate of Dubai is located on the southeast coast of the Persian Gulf and is one of the seven emirates that make up the country. It has the largest population in the UAE (2,106,177) and the second-largest land territory by area (4,114 km²) after Abu Dhabi. Is one of the few cities in the world that has undergone such a rapid transformation - from a humble beginning as a pearl-diving centre - to one of the fastest growing cities on Earth. Dubai today is a tourism, trade and logistics hub and has earned itself the reputation of being the 'gateway between the east and the west.' It is also considered as the dynamic nucleus of the Arabian Gulf region.

Home to just over 2 million people from more than 200 nationalities, Dubai is one of the most cosmopolitan cities in the world. Living in Dubai has a lot to offer. It is safe, politically stable, centrally located, and has a good education system and healthcare facilities, modern infrastructure and much more. The sun shines almost every day, the shopping and leisure facilities are impressive, and the salaries are tax-free. Living in Dubai is exciting, something new and different happens every so often. Just when you think you've seen it all, a new project is announced, whether it is the launch of a sports stadium, a mega commercial tower, a residential enclave or yet another shopping mall. Dubai is constantly on the move, striving for greater heights and more facilities and comfort for its residents and visitors.

Dubai is without a doubt a destination of the 21st century. Read any article about the fastest growing city in the region and it's almost guaranteed you'll see the words 'ambitious', 'record-breaking' and 'staggering'. This meteoric growth has not gone unnoticed, and each year thousands of expats arrive to claim a slice of the action.
