28th World Congress on Diabetes, Obesity & Heart
August 20-21, 2018  Tokyo, Japan

Diabetes & Heart Experts 2018
“Pioneering Spirit of enriching lives with Critical Diabetic & Heart Care”

http://diabetes-heartexperts.diabetesexpo.com/
Dear Colleagues,

Conference Series LLC welcomes you to attend 28th World Congress on Diabetes, Obesity & Heart held during August 20-21, 2018 at Tokyo, Japan with the theme “Pioneering Spirit of enriching lives with Critical Diabetic & Heart Care”

This international meet (Diabetes & Heart Experts 2018) anticipates hundreds of delegates including keynote speakers, Oral presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current advancements involved in Diabetes, Obesity & Heart. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world class Diabetes, Obesity & Heart associations.

Diabetes & Heart Experts 2018

• Opportunity to attend the presentations delivered by eminent scientists and business professionals from all over the world.

• Selected contributions will be published in following reputed high impact factor Journals.

  - Journal of Diabetes & Metabolism
  - Journal of Clinical & Experimental Cardiology
  - Journal of Obesity & Weight Loss Therapy
Editorial Board Members

**Heinrich Taegtmeyer**  
University of Texas-Houston Medical School  
USA

**Whaley-Connell A**  
University of Missouri  
USA

**Osama Hamdy**  
Harvard Medical School  
USA

**Hong Wang**  
University of Virginia  
USA

**Alexandra Lucas**  
University of Florida  
USA

**Grigorios Korosoglou**  
Academic GRN Hospital  
Germany

**Peter A. McCullough**  
Baylor University Medical Center  
USA

**Luisa Mestroni**  
University of Colorado  
USA

**Wilbert S. Aronow**  
New York Medical College  
USA

**Anne A. Knowlton**  
University of California  
USA

**Mark T. Marino**

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, constructive, experimental or theoretical work in all areas of Diabetes, Obesity and Heart are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

- Diabetes and Endocrine Complications
- Heart Diseases & Disorders
- Obesity Complications and Management
- Cardiac Surgery & Transplantation
- Metabolic syndromes
- Genetic link of Diabetes, Obesity and Heart
- Diabetes induced Heart Complications
- Obesity & Surgery
- Obesity & associated Health disorders
- Diabetes & Obesity in Children
- Nutrition, Diet & Exercise
- Diabetes and Cardiac Nursing
- CardioMetabolic Syndromes
- Diabetic Foot & Ankle
- Diabetes & Heart Monitoring Management
- Obesity and Maternal Fetal Medicine
- Eating Disorders
- Biomarkers: Diabetes, Obesity & Heart
- Diagnosis and Prevention
- Pediatric Cardiology
- Clinical Diabetes : Case Reports & Studies
- Research and Developments
- Diabetes & Dental treatment
- Clinical Cardiology : Case Reports & Studies
- Diabetes and Skin problems
- Obesity & Cancer
- Devices, Digital Aids & Technology
- Insulin pumps and Therapy
- Medical Weight Loss
- Diabetes - Surgery & Transplantation
- Epidemiology and Public Health
- Diabetes in Animals
- Naturopathy & Alternative Medicine
Young Researchers can also participate in this elite congress

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

Eligibility

Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event.

None of the authors should have senior position or faculty position.
Participants should be below the age of 33 years.
Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.

Submission

Each individual participant is allowed to submit only one paper (as first author or co-author).
All submissions must be in English.
The chosen topic must fit into sessions of the congress.
Showcase your research through oral/poster presentations
### Day 1 / August 20, 2018

Tokyo officially Tokyo Metropolis, is the capital of Japan and one of its 47 prefectures. The Greater Tokyo Area is the most populous metropolitan area in the world. It is the seat of the Emperor of Japan and the Japanese government. Tokyo is in the Kantō region on the southeastern side of the main island Honshu and includes the Izu Islands and Ogasawara Islands. Formerly known as Edo, it has been the de facto seat of government since 1603 when Shogun Tokugawa Ieyasu made the city his headquarters. It officially became the capital after Emperor Meiji moved his seat to the city from the old capital of Kyoto in 1868; at that time Edo was renamed Tokyo. Tokyo Metropolis was formed in 1943 from the merger of the former Tokyo Prefecture and the city of Tokyo.

Tokyo is often referred to as a city, but is officially known and governed as a “metropolitan prefecture”, which differs from and combines elements of a city and a prefecture, a characteristic unique to Tokyo. The Tokyo metropolitan government administers the 23 Special Wards of Tokyo (each governed as an individual city), which cover the area that was the City of Tokyo before it merged and became the metropolitan prefecture in 1943. The metropolitan government also administers 39 municipalities in the western part of the prefecture and the two outlying island chains. The population of the special wards is over 9 million people, with the total population of the prefecture exceeding 13 million.
