1678th Conference

May 2018 | Volume 9 | ISSN: 2155-6156 Journal of Diabetes & Metabolism

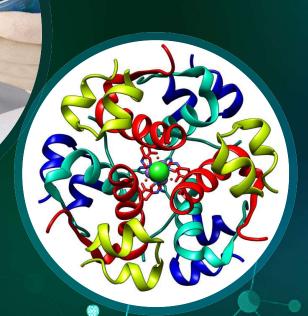

Open Access

**Joint Event** 

Proceedings of International Conference on

# METABOLOMICS AND DIABETOLOGY

May 23-24, 2018 | New York, USA

**Conference Series LLC Ltd** 

47 Churchfield Road, London, UK, W3 6AY | Toll Free: +1-800-014-8923

Hilton New York JFK Airport Hotel 5144-02 135<sup>th</sup> Avenue, Jamaica New York 11436, USA

# **Conference Hall: Lexington**

**Keynote Forum** 

#### **08:40-09:00 Registrations**

16:05-16:25

16:25-16:45

09:00-09:30		<u>^</u>
EU9:UU=U9:50	Opening	Ceremony

	Title: Aging as a mechanism for type 2 diabetes mellitus
	Nir Barzilai, Albert Einstein College of Medicine, USA
10:05-10:40	Title: A unified pathophysiologic construct of diabetes and its complications, including
	malignancies, in the context of the B-cell—classification of diabetes
	Stanley Schwartz, University of Pennsylvania, USA
	Group Photo
	Panel Discussion
	Networking & Refreshment Break 10:40-11:05 @ Lobby Lounge
11:05-11:40	Title: Mitigating the symptoms of chronic diseases through the administration of
	probiotics
	Sean Hall, Medlab Clinical LTD, Australia
11:40-12:15	Title: Western-style diet, calcium supplementation and liver health: Gut microbial and
	metabolomic signature
	James Varani, University of Michigan, USA
12:15-12:50	Title: T-patterns and self-similarity from protein cities to the only large-brain
	mass-societies: From naked apes to string-controlled citizens
	Magnus S Magnusson, University of Iceland, Iceland
_	D 10: 1
	Panel Discussion
Lunch Break 12:55-13:55 @ Lobby Lounge	
	@,
Sessions:	
	tabolomics   Metabolomics & Biotechnology   Diabetes Complications   Diabetes
Analytical Me	
Analytical Me Management	tabolomics   Metabolomics & Biotechnology   Diabetes Complications   Diabetes
Analytical Me Management Session Chair	tabolomics   Metabolomics & Biotechnology   Diabetes Complications   Diabetes   Diabetes Research
Analytical Me Management Session Chair Session Co-ch	tabolomics   Metabolomics & Biotechnology   Diabetes Complications   Diabetes   Diabetes Research  Nir Barzilai, Albert Einstein College of Medicine, USA
Analytical Me Management Session Chair Session Co-ch	tabolomics   Metabolomics & Biotechnology   Diabetes Complications   Diabetes   Diabetes Research : Nir Barzilai, Albert Einstein College of Medicine, USA air: Stanley Schwartz, University of Pennsylvania, USA
Analytical Me Management Session Chair Session Co-ch Session Co-ch	tabolomics   Metabolomics & Biotechnology   Diabetes Complications   Diabetes   Diabetes Research : Nir Barzilai, Albert Einstein College of Medicine, USA air: Stanley Schwartz, University of Pennsylvania, USA air: Hui Feng, Boston University School of Medicine, USA
Analytical Me Management Session Chair Session Co-ch	tabolomics   Metabolomics & Biotechnology   Diabetes Complications   Diabetes   Diabetes Research : Nir Barzilai, Albert Einstein College of Medicine, USA air: Stanley Schwartz, University of Pennsylvania, USA air: Hui Feng, Boston University School of Medicine, USA
Analytical Me Management Session Chair Session Co-ch Session Co-ch	tabolomics   Metabolomics & Biotechnology   Diabetes Complications   Diabetes   Diabetes Research   : Nir Barzilai, Albert Einstein College of Medicine, USA   air: Stanley Schwartz, University of Pennsylvania, USA   air: Hui Feng, Boston University School of Medicine, USA   Session Introduction    Title: Using signal processing techniques to predict PPG for T2D
Analytical Me Management Session Chair Session Co-ch Session Co-ch	tabolomics   Metabolomics & Biotechnology   Diabetes Complications   Diabetes   Diabetes Research    Nir Barzilai, Albert Einstein College of Medicine, USA    air: Stanley Schwartz, University of Pennsylvania, USA    air: Hui Feng, Boston University School of Medicine, USA    Session Introduction    Title: Using signal processing techniques to predict PPG for T2D    Gerald C Hsu, EclaireMD Foundation, USA    Title: Compliance with blood glucose testing and gestational weight gain in patients
Analytical Me Management Session Chair Session Co-ch Session Co-ch	tabolomics   Metabolomics & Biotechnology   Diabetes Complications   Diabetes   Diabetes Research    Nir Barzilai, Albert Einstein College of Medicine, USA    air: Stanley Schwartz, University of Pennsylvania, USA    air: Hui Feng, Boston University School of Medicine, USA    Session Introduction    Title: Using signal processing techniques to predict PPG for T2D    Gerald C Hsu, EclaireMD Foundation, USA    Title: Compliance with blood glucose testing and gestational weight gain in patients

### **Panel Discussion**

Title: Metabolic profiling of elite athletes with different cardiovascular demand

Panel Discussion

Title: Could not win thee sleep: Metabolic cost of sleep debt

Arjun Sengupta, University of Pennsylvania, USA

Mohamed A Elrayess, Anti Doping Lab, Qatar

Networking & Refreshment Break 15:45-16:05 @ Lobby Lounge

## Day 2 May 24, 2018

# **Conference Hall: Lexington**

	00
Keynote Forum	
10:00-10:35	Title: Heart rate variability at the stages of carbohydrate metabolism disturbance and
	the phenomenon of early aging of regulatory system in diabetes type-2
	Irina Kurnikova, RUDN-University, Russia
Panel Discussion	
Networking & Refreshment Break 10:40-11:00 @ Lobby Lounge	
11:00-11:35	Title: A multi-omics precision medicine approach to diagnosis of inborn errors of
	metabolism
	Sarah H Elsea, Baylor College of Medicine, USA
11:35-12:10	Title: Differential dependence of the TCA cycle in triple-negative breast cancer cells
	Hui Feng, Boston University School of Medicine, USA

Sessions:		
Therapeutic M	etabolomics   Metabolomics in Precision Medicine   Cellular and Molecular Endocrinology	
Session Chair: Magnus S Magnusson, University of Iceland, Iceland		
12:10-12:30	Title: Diabetes and nutritional screening in post-bariatric patients	
	Maria E Peña, Icahn School of Medicine, USA	
12:30-12:50	Title: Use of natural products in prevention and management of type 2 diabetes	
	Keti Zeka, The University of Cambridge, UK	
	Video Presentation	
	Title, Hemanishin avidation studies in diabetic's blood and narmal blood. The effects of	

	Title: Hemoglobin oxidation studies in diabetic's blood and normal blood: The effects of
12:50-13:05	alkyl nitrites
	John Philip Tarburton, National University, USA

Panel Discussion	
	Lunch Break 13:05-14:00 @ Lobby Lounge
14:00-14:20	Title: Diabetes current perspectives and lessons learnt from the epicenter, the Persian Gulf
	Kashif Rizvi, New Mowasat Hospital Diabetes & Medical Centre, Kuwait
14:20-14:40	Title: Beat the diabetes with novel and future therapies for T1DM
	Saeed Akhter, Pak Diabetes Center, Pakistan
14:40-15:00	Title: The effect of estrogen in combination with leptin on hypothalamus, and mitochondrial and in regulation of hormonal signaling and transcription factor in animal model lipoprotein disorders
	Zelalem Kiros Bitsue, Africa Health Organization, Ethiopia
14:50-15:10	Title: Cell-specific 5-hydroxytryptophan (5-HTP) metabolism and its relevance to cell function
	Kenneth K Wu, China Medical University, Taiwan
15:10-15:30	Title: The role of Auto ZelK BRIDGE software, hard ware, and bioelectronics in biomedical and space science advanced research and new vaccine and drug for cure, discovery and development

	Poster Presentation
15:30-15:50	Title: A telehealth nursing intervention for Type II diabetes patients
	Shani Brown, Old Dominion Unversity, USA

Zelalem Kiros Bitsue, Africa Health Organization, Ethiopia

#### **Panel Discussion**

Coffee and Refreshment Break 15:50-16:10 @ Lobby Lounge

B2B meetings 16:10-17:00

**Award Ceremony**
