08:00-08:30	Day 01 September 07, 2018	
	Registrations	
	Wink	
conferenceseries.com 08:30-09:00 Opening Ceremony		
	Keynote Forum	
09:00-09:45	Title: Why would nutrigenomics be of value in studies of Inflammatory bowel diseases? Lynnette Ferguson, University of Auckland School of Medicine, NewZealand	
	Title: Hepatitis B in focus: New biology, new targets and real hope for finite therapy	
09:45-10:30	Bruce D Given, Arrowhead Pharmaceuticals, USA	
	Networking & Refreshments Break: 10:30-10:45 @ Wink	
10:45-11:30	Title: Resistant Starch: Structure, properties, processing, and health benefits	
	Jay-lin Jane, Iowa State University, USA	
	Panel Discussions	
	Group Photo	
	Special Session	
11:30-12:30	Title: TransAbdominal sonography of the small & large intestines	
	Vikas Leelavati Balasaheb Jadhav, D.Y.Patil University, India	
	Lunch Break: 12:30-13:30 @ Hotel Restaurant	
	Scientific Sessions	
	cations and Gastrointestinal diseases   Irritable Bowel Syndrome   Gallbladder Agenesis   Gallstone Nutrigenomics   Obesity Epidemiology	
Tuncreunits	Rongenomics   Obesity Epidemiology	
Session Chai	<b>: Lynnette Ferguson</b> , University of Auckland, New Zealand	
	hair: Bruce D Given, Arrowhead Pharmaceuticals, USA	
13:30-14:00		
	Title: Histone deacetylase inhibition restores expression of hypoxia-inducible protein NDRG1 in pancreatic cancer	
14.00-14.20		
14:00-14:30	pancreatic cancer	
14:00-14:30	pancreatic cancerCéline Tiffon, University Hospital Bern, SwitzerlandTitle: The problematic of overweight and obesity and its related factors among women from modest	
14:00-14:30 14:30-15:00	pancreatic cancer Céline Tiffon, University Hospital Bern, Switzerland Title: The problematic of overweight and obesity and its related factors among women from modest neighborhoods of periurban of Morocco

Networking & Refreshments Break: 10:30-10:45 @ Wink

Session: Nutrition Labelling | Nutrition & Balanced Diet | Food Safety and Food Quality | Health Risks of Obesity

Session Chair: Lynnette Ferguson, University of Auckland, New Zealand		
Session Co-Chair: Bruce D Given, Arrowhead Pharmaceuticals, USA		
10:45-11:15	Title: Factors influencing readers and non-readers to read and not read nutrition labels	
	Maria Cedullo, Sodexo On-Site Services Philippines Inc., Philippines	
11:15-11:45	Title: University students' Perspectives on Mindfulness and mHealth: A Qualitative Exploratory Study	
	Lynnette Lyzwinski, University of Queensland, Australia	
Video Presentation		
11:45-12:10	Title: The changes in fatty acid profile in maize contaminated with mycotoxins	
	Silvia Denise Peña Betancourt, Department of Agricultural and Animal Production, Mexico	
12:10-12:35	Title: Screen and identify hypertriglyceridemia and hypertriglyceridemic waist phenotype among adolescents (12-15 years) of Delhi	
	Deepika Bahl, Public Health Foundation of India, India	
	Lunch Break: 12:35-13:35 @ Hotel Restaurant	
Panel Discussions		

Poster Sessions (13:35-14:05)

Poster Judge: Sahar Al-Okbi, National Research Center, Egypt		
WDGS-001	Title: SGNA Re-Scoring Method Implementation Determining Malnutrition Prevalence of Pediatric Cancer in Indonesia's Tertiary Level Hospital	
	Lora Sri Nofi, Cipto Mangunkusumo Hospital, Indonesia	
WDGS-002	Title: Relation between Dietary Omega-3 (n-3) and Omega-6 (n-6) Fatty Acid Intake and Depressive Symptoms in College Students of Central Mindanao University	
	Wilmar Jun O. Elopre, Central Mindanao University, Philippines	
WDGS-003	Title: Discovery of Novel Secondary Metabolites from Co-cultivation of Mushroom Mycelium for Novel Health Supplement	
	Ji Zhang, Ngee Ann Polytechnic, Singapore	
WDGS-004	Title: A FTO gene variant and BMI comparison of resting metabolism and metabolic flexibility in males and females	
	Jessica Danaher, RMIT University, Australia	
Panel Discussions		
	Award Ceremony
