# Invitation...

**Dear Colleagues,**

Conference Series LLC extends its welcome to 7<sup>th</sup> World Congress on Earth and Environmental Science during August 21-22, 2019 at Singapore with a theme “**An Insight into the Recent Advancements in Earth and Environmental Science**”. Conference Series LLC through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. Conference Series LLC Organizes 1000+ Conferences Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 100000 eminent personalities, reputed scientists as editorial board members. Earth science 2019 Conference will focus on educational research directed toward its impact on environmental research outcomes, through oral and poster presentations, educational workshop sessions, and influential plenary presentations. Earth science 2019 is a perfect platform to find out how new environmental based innovations are inspiring new businesses and product lines. Conference will focus on the following topics during presentations of the two day event, which reflect current education research, developments and innovations internationally in the field of earth science.

## **Neuroscience 2018**

- Opportunity to attend the presentations delivered by eminent scientists and business professionals from all over the world.
- Selected contributions will be published in following reputed high impact factor Journals.
  - ☞ Journal of Environmental Research
  - ☞ Global Environment, Health and Safety
  - ☞ Journal of Earth Science & Climatic Change

# Conference Sessions:

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, constructive, experimental or theoretical work in all areas of Neuroscience are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

- Earth Science and Structure
- Environmental Science
- Earthquakes and Tsunamis
- Volcanic Eruptions
- Geosciences and Geology
- Global Warming
- Marine Sciences
- Environment and Pollution
- Atmospheric physics
- Physical oceanography
- Meteorology
- Hydrology
- Climate and climatic changes
- Ecology & Ecosystems
- Technologies and Applications of Earth Science

## **Important Dates:**

*ABSTRACT SUBMISSION OPENS: OCTOBER 15, 2018*

*REGISTRATION OPENS: OCTOBER 15, 2018*

*EARLY BIRD REGISTRATION: OPEN*

*ON SPOT REGISTRATION: AUGUST 21, 2019*

## **Speaker Slots Available**

*NOTE: Program Schedule is subject to change with final allotment of the speaker slots*

# Program at Glance

## Day-01 August 21, 2019

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	Group Photo
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Earth Science and Structure   Environmental Science
13:00-13:45	Lunch Break**
13:45-16:00	Earthquakes and Tsunamis   Volcanic Eruptions
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Geosciences and Geology   Global Warming
	Day Concludes

## Day-02 August 22, 2019

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Marine Sciences   Environment and Pollution
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Atmospheric physics   Physical oceanography
13:00-13:45	Lunch Break**
13:45-16:00	Meteorology   Hydrology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Climate and climatic changes   Ecology & Ecosystems   Technologies and Applications of Earth Science

Day Concludes  
Award Ceremony  
Confetrece Concludes

# City Attractions

# Past Glances

Singapore officially the Republic of Singapore, is a sovereign city-state and island country in Southeast Asia. It lies off the southern tip of the Malay Peninsula and is 137 kilometres north of the equator. Singapore is separated from Peninsular Malaysia by the Straits of Johor to the north and from Indonesia's Riau Islands by the Singapore Strait to the south. The country is highly urbanized, and little of the original vegetation remains. Singapore's progress over the past three decades has been remarkable, yet the island has not been overwhelmed by development. Visitors will discover a wealth of historical treasures from the past, in the beauty of older buildings, values and traditions that have survived in the face of profound social and geographical change. Singapore is the most wired country in the region. It can be considered as a suitable medium for the relocation of valuable knowledge about research and novel advancements worldwide. The conferences taking part here would promote a variety of scientific ideas among contenders belonging to diverse areas of science and technology. Singapore has a tropical rainforest climate with no distinctive seasons, uniform temperature, pressure, high humidity and abundant rainfall. Sentosa Island, Singapore Flyer, Universal Studios, Night Safari Singapore, Singapore Botanic Gardens, Jurong Bird Park, Singapore Zoo, Sri Mariamman Temple, Pulau Hantu famous for its rich coral reefs and Peranakan Museum are some of the points of interest in Singapore. A splendid location, life expectancy, quality of life, personal safety and housing that is unsurpassed for its livability makes Singapore a city to visit and remember.
