Invitation

Dear Colleagues,

Conference Series LLC LTD invites you to join us at the “**International Congress and Exhibition on Endocrinology and Diabetic Complications**” where you will be assured to have a meaningful experience with scholars from around the world. The organizing committee looks forward to meeting you all at **Sydney, Australia** on **October 14-15, 2019**. The Conference relies on the theme of: “**Endocrine & Diabetic Awareness and Management: Because it Matters.**” This conference is a unique platform for Medical researchers and clinicians to present analysis regarding endocrine and diabetic disease management and complications, exchanging ideas about it and thus, contributes to the dissemination of knowledge in the society. The two days conference will include workshops, symposiums, special keynote sessions conducted by eminent speakers within the sector of medical science related to endocrine and diabetic complications.

With Regards,

Endocrine & Diabetic Complications 2019

Operating Committee, Conference Series LLC LTD

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Endocrinology & Diabetes Complications.

About Sydney, Australia

Sydney is the state capital of New South Wales and the most populous city in Australia and Oceania located on Australia's east coast, the metropolis surrounds the world's largest natural harbour and sprawls about 70 km (43.5 mi) on its periphery towards the Blue Mountains to the west, Hawkesbury to the north and Macarthur to the south. Sydney is made up of 658 suburbs, 40 local government areas and 15 contiguous regions.

Sydney is amongst the top fifteen most-visited cities in the world, with millions of tourists coming each year to see the city's landmarks. Its natural features include Sydney Harbour, the Royal National Park, and the Royal Botanic Garden. Man-made attractions such as Sydney Tower, the Sydney Harbour Bridge, and the Sydney Opera House, are also well known to international visitors.

Kingsford-Smith Airport is the main airport serving the metropolitan area, one of the world's oldest continually operating airports. The Central station is the main hub of the city's rail network. The major City attractions are Sydney Opera House, Sydney Harbour Bridge, Bondi Beach, Taronga Zoo Sydney and Darling Harbour. Sydney itself offers a mix of tours, attractions and events that allows visitors to discover this city. Surrounding the city is a wonderland of national parks, forests, mountains, river valleys and historic riverside towns. Sydney is one of the world's most green, global and connected cities.

Sydney is also host to one of the largest Chinese New Year Festivals in the world. Best Time to Visit Sydney: October, November, late February and March. These months generally offer sunny weather, while avoiding the heat of mid-summer and school holiday crowds. Best Time for Good Weather: Late October to early April. Best Time for Sightseeing: October, November, March, and April.
