

WEBINAR ON
**EUROPEAN ENDOCRINOLOGY
AND DIABETES CONGRESS**

AUGUST 05, 2021 | WEBINAR

SCIENTIFIC PROGRAM

AGENDA

Thursday | August 05, 2021 | Day 01

09:15-09:30

Introduction & Opening Ceremony

Major Sessions: Endocrinology and Metabolism | Obesity | Neuroendocrinology
| Endocrine Disorders | Diabetes Ophthalmology | Clinical Trials and Research for
Diabetes

- 09:30-09:50 Title: Severe hyponatremia and syndrome of inappropriate antidiuretic hormone secretion (SIADH) as a primary presentation of neurosarcoidosis
Asad Amin | St. Luke's General Hospital | Ireland
- 09:50-10:10 Title: Correlation of ultrasound and computed tomography measurements of the pancreas in a normal adult Nigerian population
Hyginus Nnaemeka Arua | University of Nigeria | Nigeria
- 10:10-10:30 Title: Key principles that should be followed when physicians initiate and titrate basal insulin analogue: From a call for basal insulin titration in patients with Type 2 diabetes in daily practice: Southeast european perspective - expert opinion
Nicolae Hancu | Luliu Hatieganu University of Medicine and Pharmacy | Romania
- 10:30-10:50 Title: A promising druggable target in breast cancer progression: OXER1 and RACK1-associated pathway
Erica Buoso | The University of Pavia | Italy
- 10:50-11:10 Title: The Purpose of Temperature of Fever in Covid -19
K. M. Yacob | Marma Health Centre | India
- 11:10-11:30 Title: Metformin Use beyond Diabetes: Reducing Cardiovascular Events in the Healthy Elderly
Dan Xu | Curtin School of Population Health of Curtin University | Australia
- 11:30-11:50 Title: Immunological implications of Endocrine Disrupting Chemicals (EDCs): Emerging role of RACK1 as EDCs screening tool
Mirco Masi | Università Degli Studi di Milano | Italy

- 11:50-12:10 Title: Incidental Catecholamines secreting Paraganglioma in a patient with Road Traffic Accident
Asad Amin | St. Luke's General Hospital | Ireland
- 12:10-12:30 Title: Barriers Confronted by Doctors in Promoting Adherence
John Yfantopoulos | National and Kapodistrian University of Athens | Greece
- 12:30-12:50 Title: Developing a mouse model to investigate diabetes-related vascular calcification and the role of ABCC6
Viola Pomozi | Research Centre for Natural Sciences | Hungary
- 12:50-01:10 Title: Effects of Calorie Restriction on Insulin Resistance: A Potential Diabetes Prevention
Ana Napoleão | University of Lisbon | Portugal
- 01:10-01:30 Title: Role of metabolic derangements in disease development of sepsis and burn injury
Masao Kaneki | Harvard Medical School | United States
- 01:30-01:50 Title: Endocrine Factors in Key Structural and Intracellular Changes in Depression
Philip Gold | Duke University School of Medicine | United States
- 01:50-02:10 Title: The effects of professional continuous glucose monitoring as an adjuvant educational tool for improving glycemic control in patients with type 2 diabetes: A pilot study in Mexico
Dulce Adelaida Rivera Avila | National Autonomous University of Mexico | Mexico
- 02:10-02:30 Title: Therapeutic ketosis and the broad field of applications for the ketogenic diet: Ketone ester applications & clinical updates
Raffaele Pilla | St. John of God Hospital | Italy
- 02:30-02:50 Title: The role of lifestyle behavior change associated with non-communicable disease risk in managing health conditions
Amani Kamal Saqallah | Zayed University | Ireland

Panel Discussion
