

12th World Congress on
**Endocrinology and
Metabolic Disorders**

December 09-10, 2019 | Bangkok, Thailand

Conference Sessions:

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the Conference through submissions of their posters & research abstracts. Also, high quality research contributions describing Original and unpublished of conceptual, constructive, experimental or theoretical work in all areas of Anesthesiologist are warmly invited to exhibit their product at the conference.

- Endocrinology and Metabolism
- Metabolic syndrome
- Endocrinology and Diabetes
- Adrenal and Thyroid Disorders
- Neuroendocrinology and Pituitary Disorders
- Reproductive Endocrinology and Infertility
- Endocrine Disorders
- Advancements in Treatment and Prevention
- Types of metabolic disorders:
- Clinical Research and Case Study
- Obesity And Metabolism
- Metabolic Responses and Nutrition
- Endocrine Prevention
- Pathophysiology: Endocrinology, Diabetes and Metabolism
- Surgery and Care
- Diabetic & Endocrine Diagnostic Tools and Tests

Speaker Slots Available

NOTE: Program Schedule is subject to change with final allotment of the speaker slots

Program at Glance

Day 01 | December 09, 2020

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	Group Photo
11:30-11:45	Network & Refreshments Break
11:45-13:00	Endocrine Disorders Metabolic Syndrome Endocrinology and Diabetes
13:00-13:45	Lunch Break
13:45-16:00	Adrenal and Thyroid gland Neuroendocrinology and Pituitary Disorders Reproductive Endocrinology and Infertility
16:00-16:15	Network & Refreshments Break
16:15-18:00	Endocrine Prevention Types of Metabolic Disorders Pediatrics Metabolic Disorders

Day Concludes

Day 02 | December 10, 2020

Time	Session
09:00 - 10:00	Keynote Sessions
10:00 - 10:15	Coffee/Tea Break
10:15 - 13:00	Obesity, Diabetes, and Metabolism Hormones and Metabolic Syndromes Metabolic Syndrome
13:00 - 13:30	Lunch Break
13:30 - 15:30	Energy & Exercise Metabolism Diet and Weight Management
15:30 - 15:45	Coffee/Tea Break
15:45 - 17:30	Poster Session

Day Concludes

Award Ceremony

Conference Concludes

TITLE: THE INFLUENCE OF SLEEVE GASTRECTOMY ON THE LEVELS OF GUT PEPTIDES IN OBESE DIABETIC AND OBESE NON-DIABETIC PATIENTS

ABSTRACT: OUR PRIMARY GOAL IN CONDUCTING THIS PROSPECTIVE STUDY WAS TO INVESTIGATE AND ANALYZE THE INFLUENCE OF SLEEVE GASTRECTOMY ON THE BLOOD LEVELS OF GUT PEPTIDES; GHRELIN, PEPTIDE YY (PYY), GLUCAGON-LIKE PEPTIDE-1 (GLP-1), AND LEPTIN IN TYPE-2 DIABETIC AND NON-DIABETIC MORBIDLY OBESE (MO) PATIENTS.....

DR. ALI A MUSTAFA, DEPARTMENT OF SURGERY, KFMC

TITLE: ASSOCIATIONS OF SEX HORMONE BINDING GLOBULIN AND FREE TESTOSTERONE CONCENTRATION IN POSTMENOPAUSAL WOMEN WITH TYPE 2 DIABETES MELLITUS.

ABSTRACT: TO FIND THE ASSOCIATION OF SHBG AND FREE TESTOSTERONE LEVELS IN POSTMENOPAUSAL WOMEN WITH TYPE 2 DIABETES MELLITUS. RESEARCH DESIGN AND METHODS: IT IS A CASE CONTROL STUDY. 105 POSTMENOPAUSAL WOMEN WITH TYPE 2 DIABETES MELLITUS AND 85 CONTROL SUBJECTS WERE RECRUITED FROM THE OUTPATIENT DEPARTMENT OF K.S HEGDE CHARITABLE HOSPITAL, DERALAKATTE, MANGALORE.....

DR. PRIYA.D.ALVA, K.S HEGDE MEDICAL ACADEMY, DERALAKATTE

TITLE: ANTIPHOSPHOLIPID SYNDROME (APS) CAN INVOLVE MULTIPLE ORGAN SYSTEMS BUT ENDOCRINE MANIFESTATIONS ARE RARE.

ABSTRACT: IN MOST CASES ADRENAL INSUFFICIENCY (AI) IS THE FIRST ENDOCRINE MANIFESTATION OF APS. THE PROMPT DIAGNOSIS OF ADRENAL INSUFFICIENCY IS CRITICAL AS ADRENAL INSUFFICIENCY IS A LIFE-THREATENING DISEASE THAT MAY LEAD TO FATAL OUTCOMES IF LEFT UNTREATED. WE PRESENT A CASE OF AI ASSOCIATED WITH ANTIPHOSPHOLIPID SYNDROME WHO WAS MANAGED SUCCESSFULLY.....

DR. MOHAMED K.M. SHAKIR, WALTER REED NATIONAL MILITARY MEDICAL CENTER, BETHESDA

TITLE: CLINICAL IMAGE: EVERSENSE SENSOR AND TRANSMITTER – AN INTERESTING RADIOLOGICAL IMAGES SEEN ON PLAIN X-RAYS OF UPPER ARMS.

ABSTRACT: A 43-YEAR-OLD WOMAN PRESENTS TO DISCUSS CONTINUOUS GLUCOSE MONITOR (CGM) TECHNOLOGIES. SHE HAS TYPE 1 DIABETES MELLITUS DIAGNOSED AT AGE 14 AND HAS BEEN ON INSULIN PUMP SINCE 2001 WHICH WAS UPGRADED TO MEDTRONIC™ 630G IN JULY 2017. SHE HAS ADEQUATE GLYCEMIC CONTROL (A1C 7.3%), BUT FINGER-STICK BLOOD GLUCOSE LEVELS FLUCTUATE WIDELY WITH OCCASIONAL HYPOGLYCEMIA. PAST SURGICAL HISTORY WAS NONCONTRIBUTORY.....

DR. THANH HOANG, ASSOC. PROF. DEPARTMENT OF ENDOCRINOLOGY

City Attractions

Venue

Bangkok, Thailand's capital is a large city known for ornate shrines and vibrant street life. The boat-filled Chao Phraya River feeds its network of canals, flowing past the Rattanakosin royal district, home to opulent Grand Palace and its sacred Wat Phra Kaew Temple. Nearby is Wat Pho Temple with an enormous reclining Buddha and, on the opposite shore, Wat Arun Temple with its steep steps and Khmer-style spire. Traditional teak buildings like the grand Vimanmek Palace. The city's renowned food scene spans traditional street-cart snacks – spicy, sour, sweet and salty – to upscale international restaurants. Bangkok is also known for its exuberant nightlife, with venues ranging from swanky rooftop lounges to basic backpacker bars and nightclubs of the notorious Patpong district. Bangkok is one of the world's top tourist destination cities. MasterCard ranked Bangkok as the top destination city by international visitor arrivals in its Global Destination Cities Index 2016, ahead of London with more than 21 million overnight visitors.
