University of Botswana, Botswana

Program Announcement

12+ Interactive Sessions

Venue

Osaka, Japan

Important Dates

Abstract submission opens: August 01, 2018

Registration opens: August 15, 2018

Early bird registration: October 30, 2018

On spot registration: June 10, 2019

Accommodation

A large number of rooms have been reserved. Discounted room rates for Environment and Health Congress 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Environmental Toxicology and Health.

About Osaka

Osaka is a designated city in the Kansai region of Japan. Osaka is a cosmopolitan city near the ancient capital, Kyoto, best known for its dynamic food and drinking culture. Being the capital of Osaka prefecture and the third-largest city in Japan, with a population of 2.7 million. It has been the economic powerhouse of the Kansai Region for many centuries. The historical highlight of Osaka is undeniably a beautiful Osaka Castle - perched on top of a hill and surrounded by a moat and beautiful Nishinomaru Garden. Osaka has also been known as the “nation’s kitchen” and is known for its food, in Japan and abroad. Regional cuisine includes okonomiyaki (pan-fried batter cake), takoyaki (octopus in fried batter), udon (a noodle dish), as well as the traditional oshizushi (pressed sushi). And okonomiyaki is arguably Osaka’s most famous dish.

One of the most famous festivals held in Osaka, the Tenjin Matsuri. Other festivals in Osaka include the Aizen Matsuri, the Sumiyoshi Matsuri, and Tōka-Ebisu. The annual Osaka Asian Film Festival takes place in Osaka every March. The National Museum of Art (NMAO) is a subterranean Japanese and international art museum, housing mainly collections from the post-war era. Osaka Science Museum is in a five storied building next to the National Museum of Art, with a planetarium and an OMNIMAX theatre.
