

4<sup>th</sup> World Congress on  
**Environmental Toxicology**

October 26-27, 2020 | Osaka, Japan

*Theme: “An Initiative to bring Harmony to the  
Natural Environment”*

# Invitation...

Dear Colleagues,

**4<sup>th</sup> World Congress on Environmental Toxicology (ENVIRONMENTAL CONGRESS 2020)** extends its welcome to you during **October 26-27, 2020** at **Osaka, Japan**. with a theme "**An Initiative to bring Harmony to the Natural Environment**". Conference Series LLC Ltd Organises 1000+ Conferences Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 50000 eminent personalities, reputed scientists as editorial board members.

The **ENVIRONMENTAL CONGRESS 2020** intends to gather all the people across the globe like students, lecturers, Assistant Professors, Professors, Directors, Chairman, Chancellor, Scientists, Doctors, Managing Directors, Chief Executive Officers, Presidents and Noble Laureates and base a platform for them to share their experience, knowledge and research work, recent advancements in the field of Environmental Toxicology.

## Why to Attend???

ENVIRONMENTAL CONGRESS 2020 goal is to provide participants continuing dental education, propose novel research techniques, improve the skills and expertise in the areas of Dental Health, Oral Care, Public Health Dentistry, Endodontics and Orthodontics with its well-designed scientific program and quality lectures. It also paves way for making a good relationship with the dental associates through the B2B meetings and develop better business opportunities.

# Conference Sessions:

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, constructive, experimental or theoretical work in all areas of Environmental Toxicology are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

- Pollution
- Types of Pollution
- Environmental Toxicology
- Regulatory Toxicology
- Economic Toxicology
- Agricultural Toxicology
- Climate Change
- Environmental Toxicology and Chemistry
- Environmental Health and Safety
- Environmental Toxicology and Food Chain
- Global Warming
- Green Chemistry
- Waste Recycling and Management
- Bioaccumulation and Ecology Impacts
- Carcinogenesis and Mutagenesis
- Health Economics and Public Policies
- Environmental Compliance
- Epidemiology and Biostatistics

## ENVIRONMENTAL CONGRESS 2020

- Opportunity to attend the presentations delivered by eminent scientists and business professionals from all over the world.
- Selected contributions will be published in following reputed high impact factor Journals.
  - ☞ Journal of Environmental and Analytical Toxicology
  - ☞ Journal of Environmental Analytical chemistry
  - ☞ Journal of Pollution Effects & Control

# Program at Glance

## October 26, 2020

Time	Session
------	---------

08:30 - 09:30	Registrations
---------------	---------------

09:30 - 11:30	Keynote Forums
---------------	----------------

Group Photo

11:30 - 11:45	Network & Refreshment Break
---------------	-----------------------------

11:45 - 13:00	Pollution   Types of Pollution   Environmental Toxicology
---------------	---

13:00 - 13:45	Lunch Break
---------------	-------------

13:45 - 16:00	Regular Toxicology   Economic Toxicology   Agriculture Toxicology
---------------	---

16:00 - 16:15	Network & Refreshment Break
---------------	-----------------------------

16:15 - 18:00	Climate change   Environmental Toxicology and Chemistry   Environmental health and Safety
---------------	---

Day Concludes

## October 27, 2020

Time	Session
------	---------

OSAKA (about 330 miles southwest of Tokyo) is the second largest city in Japan and the 13th largest city in the world, with a population of about 10.5 million people. Situated on a sheltered bay, it is also the commercial, shipping and industrial center of western Japan, the second major gateway to Japan after Tokyo and the transportation and communication hub of the Kansai region, with a convenient connections to Kyoto, Nara, and Kobe, the Inland Sea area, and Shikoku, which are all nearby. Even though Osaka is flat as flat can be its name means "big hill." Foreign guide books usually do not have much nice to say about Osaka. One said its biggest claims to fame were the yakuza and pachinko. Another called the "Elephant Man" of Japan---ugly but wanting desperately to be loved.

Many say it is the heart of Japan. The people may be a little crude, inconsiderate and pushy at times, yes, but they are also more warm, open and generous. Many of Japan's funniest comedians are from Osaka. Osaka isn't a very attractive place. Sometimes it seems like an endless concrete jungle of crowded streets and sidewalks, train lines, factories, office buildings, pre-fab homes and apartments squeezed much too close together. There isn't all that much to see either. The main tourist sites include a concrete castle, an ultra-modern aquarium with a whale shark and the first Universal Studio to open up outside the United States.
