## Invitation

Dear Colleagues,

Conference Series llc LTD., is delighted to welcome you to Tokyo, Japan for the Prestigious 20<sup>th</sup> world Conference on Environmental Toxicology and Pharmacology. EnviTox Summit 2019 will focus on “Accelerations and Decelerations in Environmental Toxicology”. We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Tokyo, Japan.

With Regards,

**EnviTox Summit 2019**

Organizing Committee, Conference Series llc LTD. Conferences

### Editorial Board Members of Supporting Journals:

**Henk A. Tennekes**

Experimental Toxicology Services (ETS), Netherlands

**Nadezhda D. Ananyeva**

Russian academy of Sciences, Russia

**Aron D Mosnaim**

Rosalind Franklin University, USA

**Brian K Alldredge**

The University of California, USA

**Francisco Lopez-Munoz**

Camilo Jose Cela University, Spain

**Peter James Little**

University of Queensland, Australia

**Li-Na Wei**

University of Minnesota, USA

**Daniel S Sitar**

University of Manitoba, Canada

**Sachin S Devi**

LECOM School of Pharmacy, USA

**Dipak K Ghosh**

Georgia Health Sciences University, USA

**Charles E. Feigley**

University of South Carolina, USA

**Michael D. Smolen**

Oklahoma State University, USA

**Warren G. Foster**

McMaster University, Canada

**Ben-Zhan Zhu**

State Key Laboratory of Environmental Chemistry and Ecotoxicology, China

20

**Interactive Sessions**

6+

**Keynote Lectures**

35+

**Plenary Lectures**

**Workshops**

10+

**Exhibitors**

**B2B Meetings**

# Program Announcement

## Venue

Tokyo, Japan

## Important Dates

Abstract submission opens: September 28, 2018

Registration opens: October 01, 2018

Early bird registration: May 03, 2019

On spot registration: September 18, 2019

## Accommodation

A large number of rooms have been reserved. Discounted room rates for EnviTox Summit 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Toxicology and Pharmacology.

## About Tokyo, Japan

Tokyo is Japan's capital and the world's most populous metropolis. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan's political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world's most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo ("Eastern Capital"). Large parts of Tokyo were destroyed in the Great Kanto Earthquake of 1923 and in the air raids of 1945.

Greater Tokyo is the world's most populous metropolitan area and is the center of Japanese culture, finance, and government. A bustling cosmopolitan city, Tokyo is also a major transportation hub and a world economic and industrial center. The city boasts a large number of world-class institutions of higher education, the highest concentration of universities in Japan. Tokyo was known as Edo until 1868, when the Japanese imperial family was moved there from Kyoto. Metropolitan Tokyo is generally defined as the four prefectures of Tokyo, Saitama, Kanagawa, and Chiba, while the city of Tokyo proper usually refers to the 23 wards in Tokyo prefecture itself. The metropolitan area includes the major cities of Yokohama (the second largest city in Japan), Kawasaki, and Chiba, as well as rural mountain regions west of the city, the Izu Islands outside Tokyo Bay, and the Bonin Islands to the southeast in the Pacific Ocean.

Today, Tokyo offers a seemingly unlimited choice of shopping, entertainment, culture and dining to its visitors. The city's history can be appreciated in districts such as Asakusa, and in many excellent museums, historic temples and gardens. Contrary to common perception, Tokyo also offers a number of attractive green spaces in the city center and within relatively short train rides at its outskirts.
