The University of Mississippi, USA

Spyridon A. Petropoulos

University of Thessaly, Greece

Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Ethnomedicine 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Nursing and Nursing Education.

About Tokyo

The "Land of the Rising Sun" is a country where the past meets the future. Japanese culture stretches back millennia, yet has also been quick to adopt and created the latest modern fashions and trends.

Japan is often difficult to understand for those educated in the west. It can seem full of contradictions. Many Japanese corporations dominate their industries, yet if you read the financial news it seems like Japan is practically bankrupt. Cities are as modern and high tech as anywhere else, but tumbledown wooden shacks can still be spotted next to glass fronted designer condominiums. On an average subway ride, you might see childishly cute character toys and incredibly violent pornography - sometimes enjoyed by the same passenger, at the same time! Japan has beautiful temples and gardens which are often surrounded by garish signs and ugly buildings. The most acclaimed restaurant in the country, which costs hundreds of dollars for dinner, is a small shop located in a subway station seating less than a dozen people.

Important Dates

Abstract submission opens: July 01, 2017

Registration opens: July 01, 2017

Early bird registration: March 26, 2018

On spot registration: August 13, 2018

Venue

Osaka, Japan
