Dear colleagues and friends

As a Keynote Speaker and Organizing Committee Member, it is my great pleasure to welcome you to attend the 20th European Cardiology Conference during October 16-18, 2017 in the beautiful city of Budapest which is the capital of Hungary.

The Conference will provide a unique opportunity for university leaders, educators, clinicians, experts and scholars of higher education from all over the world to convey and share novel ideas on crucial issues and trends in the area of cardiology. The Conference has been designed to provide an innovative and comprehensive overview of the latest research developments in cardiovascular medicine, primarily in the areas of personalized cardiology.

The major goal will be to demonstrate recent development in prevention and prophylaxis, cardiovascular risk prediction based on risk assessment procedures. The impact of the latest biomarker-based platforms to illustrate and to monitor subclinical and/or clinical atherosclerosis, myocarditis, aortic and arterial diseases will be discussed. The Conference will provide enough space for discussion, meetings and workshops in order to allow a close contact between speakers and visitors. Many distinguished cardiologists, cardiac surgeons and scientists will take part in this Congress. Papers will be presented in the form of plenary sessions, symposia and posters and will include superb scientific and clinical material that was carefully selected by the Review Committee. The Conference will provide the ideal forum to stimulate ideas and establish collaborations.

Cardiology - specialized physicians and scientists from all over the world are invited to Budapest, Hungary in 2017 to present the new research and inventions. From prevention to optimal care the whole range of heart diseases will be presented with world-class professors and scientists as well as health care professionals.

We are looking forward to see you in Budapest, Hungary.

Guy Hugues Fontaine
Professor
