## Major Sessions

- Biomass and Bio-energy
- Cleaner production and Green Nanotechnologies
- Pollution prevention and control
- Green Analytical Chemistry
- Green Chemistry and Technology
- Green Chemical Reactions
- Green Chemical Engineering
- Green Energy & Renewable Resources
- Green Technologies in Food Production & Processing
- Recycle Waste Content
- Ultra Sound Technology in Green Chemistry
- Green Economy
- Green Manufacturing
- New Ideas for Non-Toxic by Products
- Waste Prevention Instead of Remediation
- Green Catalysis
- Waste Valorization Techniques
- Industrial Applications of Green Chemistry
- Life Cycle Assessment and Environmental Sustainability
- Green Materials
- Green Chemistry Market

# Euro Green Chemistry 2020

## Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

## Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors
