

Scientific Program

Joint Meeting on
**EUROPEAN PATHOLOGY AND INFECTIOUS
DISEASE CONFERENCE**
&
**INTERNATIONAL EPIGENETICS AND
EPITRANSCRIPTOMICS CONFERENCE**
November 26-27, 2018 Helsinki, Finland

EURO PATHOLOGY & EPITRANSCRIPTOMICS 2018

Conference Series llc Ltd

47 Churchfield Road, London, W3 6AY, UK

Tel: +1-201-380-5561, Toll No: +44-2088190774

Email: biopathology@memeetings.net | Epitranscriptomics@memeetings.net

08:00-08:30

Registration Opens

08:30-08:45

Opening Ceremony

Introduction

08:45-09:30

Keynote Presentation

Title: The feasibility of the cervical HPV screening method as a model for a public oropharyngeal HPV screening
Jalil Hariri, Southern Jutland Hospital, Denmark

09:30-10:15

Keynote Presentation

Title: Tech trends shaping the future of medicine, epigenetics and epitranscriptomics
Saied Ali Barzanian, Stanford University, USA

10:15-11:00

Keynote Presentation

Title: The importance of the autopsy in lethal cases of medical malpractice
Grigorios Leon, Hellenic Society of Forensic Medicine, Greece

11:00-11:30

Networking and Refreshments Break with Group Photo

Sessions: Surgical Pathology | Clinical Oncology | Pulmonary Pathology & Pulmonary Infections | Cancer Epigenetics | Molecular Pathology | Cytopathology, Histopathology & Immunopathology | Genetic Diseases | Dermatopathology & Dermatological Infections | Molecular Genetic | Microbial Forensics & Forensic Pathology | Cancer Therapy and Biomarker

Session Chair: **Jalil Hariri**, Southern Jutland Hospital, Denmark

Session Co-Chair: **Massoud Houshmand**, National Institute of Genetic Engineering and Biotechnology, Iran

11:30-12:00

Title: Control measures against *Staphylococcus aureus* MRSA in long-term care facilities

Victor Lage de Araujo, The SARAH Network of Rehabilitation Hospitals, Brazil

12:00-12:30

Title: Hanseniasis as a model of non-idiopathic polygenic autoimmune and autoinflammatory diseases

Yohannes Negesse, Centre Hospitalier Universitaire de la Guadeloupe, France

12:30-13:00

Title: The ethics of the placebo in clinical trials

Grigorios Leon, Hellenic Society of Forensic Medicine, Greece

Lunch Break 13:00-14:00 @ Restaurant

14:00-14:30

Title: Molecular biology methods in pathology

Marko Bjorn, Turku University of Applied Sciences, Finland

14:30-15:00

Title: Fetal MRI in early diagnosis on rare disease of brain

Hamid Reza Edraki, Shahid Beheshti Medical of Science University, Iran

Special Session

15:00-16:00

Title: Social genomics MOONSHOT: "Saving lives by connecting patients who are running out of options to lifesaving knowledge"

Susanne Baars, Global Human Genome Foundation, Netherlands

Networking and Refreshments Break 16:00-16:30 @ Foyer

Workshop

16:30-17:30

Title: Genetic counselling: "Mendelian and Non-Mendelian Inheritance"

Massoud Houshmand, National Institute for Genetic Engineering and Biotechnology, Iran

Panel Discussions

Tuesday 27th November 2018

Day 2

09:00-10:00

Keynote Presentation

Title: Insight into antibiotic resistance and patterns of carbapenam-resistant Enterobacteriaceae in the United Arab Emirates

Aaron Han, American Hospital and Mohammed Bin Rashid Medical University, UAE

10:00-10:45

Keynote Presentation

Title: Cervical cancer screening: Yesterday, today and tomorrow
Jalil Hariri, Southern Jutland Hospital, Denmark

10:45-11:30

Keynote Presentation

Title: Genetic diagnostic methods
Massoud Houshmand, National Institute for Genetic Engineering and Biotechnology, Iran

Networking and Refreshments Break 11:30-12:00 @ Foyer

Sessions: Molecular Pathology | Genomes and Epigenomes | Plant & Veterinary Pathology & Infections | Epigenetic Diseases and Clinical Applications | Anatomical Pathology | Gastrointestinal Pathology & Infections | Hematopathology | Epidemiology | Epigenetics and Biomarker | Biochemistry and Molecular Biology

Session Chair: **Aaron Han**, American Hospital and Mohammed Bin Rashid Medical University, UAE

12:00-12:30

Title: Effect of low altitude on complete blood count parameters

Jaber Haj-Ali, Charite University of Medicine, Germany and Consulting Medical Lab, Palestine

12:30-13:00

Title: Effect of metabolic surgery on non-alcoholic fatty liver disease

Royce P Vincent, King's College Hospital NHS Foundation Trust, UK

13:00-13:30

Title: Survivin and livin expression as prognostic markers in the primary breast cancer and their lymph node metastases

Adam Elzagheid, University of Benghazi & Biotechnology Research Centre, Libya

Lunch Break 13:30-14:30 @ Restaurant

14:30-15:00

Title: Fetal MRI in congenital phocomelia

Hamid Reza Edraki, Shahid Beheshti University of Medical Sciences and Health Sciences, Iran

15:00-15:30

Title: A spectroscopic report on the ingestion of carbonic anhydrase onto the nanoporous silica nanoparticle

Termeh Ghorbanian Bolouri, Islamic Azad University, Iran

Young Research Forum

15:30-15:45

Title: Clinical, radiological and microbiological profile of pulmonary aspergillosis in treated cases of pulmonary tuberculosis

Jitendra Sharma, S M S Medical College, India

15:45-16:00

Title: Cyto-histopathological correlation of cervical lesions

Kavita Sharma, AllMS, India

Networking and Refreshments Break 16:00-16:30 @ Foyer

Workshop

16:30-18:00

Title: The importance of defining hanseniasis according its pathophysiological nature as a non-curable chronic autoimmune and autoinflammatory disease. Bridging the gap between individual and collective medicines based on the principle of complementarity of deep contradictory truths

Yohannes Negesse, Centre Hospitalier Universitaire de la Guadeloupe, France

Panel Discussions

Awards and Closing Ceremony
